About ENPC

ENA's Emergency Nursing Pediatric Course (ENPC) 6th Edition, taught by qualified nurses, is designed to provide the core-level pediatric knowledge and skills needed to properly assess and implement evidence-based interventions to improve outcomes for this high-risk patient population.

Participants will learn:

- The latest pediatric emergency nursing practice recommendations
- Systematic assessment and application of care
- Information that can be applied to every pediatric patient

The course includes hands-on, in-person training using both an individual and team approach. Pre-course online modules allow you to learn at your own pace and refer to information at any time. A comprehensive ENPC Provider Manual provides fundamental pediatric emergency nursing content. The course includes didactic presentations, interactive skills stations, games, and group activities.

ENPC Provider Course Content

- Respiratory illnesses
- Fever
- Abdominal illnesses
- Altered mental status
- Behavioral health and crisis
- Resuscitation
- Common childhood injuries
- Interactive Pedi-Ready game

Registration Requirements

Only registered nurses may receive certification in ENPC.

ENA strongly recommends six months of clinical experience in the Emergency Department or Critical Care setting, as well as knowledge of emergency terminology.

The ENPC Participant must:

- Complete pre-course modules BEFORE COMING TO CLASS.
- Attend the full 2-days of the course.
- Pass the Pediatric Nursing Process – an individually tested skill station on the second day of the course.
- Pass the online, open book, computer-based exam within 7 days of completing the in-person course.

After successful completion of the skills and online testing, participant will receive a 4-year, internationally recognized verification as an ENPC provider.

To Register

Registration and payment (Visa, MasterCard, and Discover) is accepted exclusively through our website.
