Using MyChart During Your Hospital Stay

Lurie Children's Hospital has an additional way to get information about your child's care during their hospital stay through your MyChart account. Below you'll learn how to access this information and what you'll see.

ACCESS

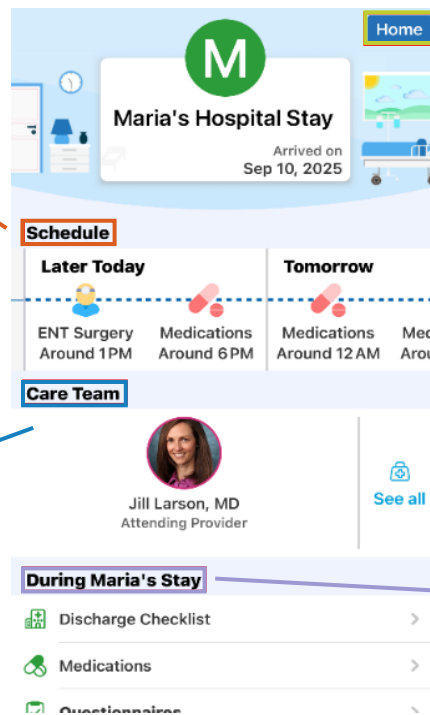

1. To get to your child's hospital stay in MyChart, you can download the MyChart app and search for **Ann & Robert H. Lurie Children's Hospital of Chicago** as your healthcare provider. Or you can visit mychart.luriechildrens.org to view this information on a webpage. Then enter in your log-in information.
2. Then, you can select "**view hospital stay**" button on the main screen.

USING THE HOSPITAL STAY VIEW

In the **Hospital Stay** view you can:

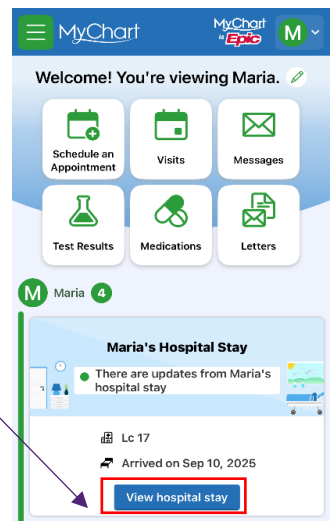

See your child's **Schedule** which include important events like medications and procedures.

View your child's **Care Team**

Use the **Home** button to go back to your child's main Lurie Children's MyChart account or your caregiver (*proxy*) account.

Access helpful tools under **During Your Child's Stay**.

NEED HELP?

- See your Unit Concierge (near the elevators of each floor)
- Call 1.833.706.4507
- Go to mychart.luriechildrens.org to find helpful FAQs, guides, etc.
