

**Ann & Robert H. Lurie Children's Hospital of Chicago
Monthly Community Heliport Usage Report
February 2016**

Date	Point of Departure	Diagnosis	Patients Transported	Organs Transported	Lurie Children's Transport Team Needed	Flights
Feb-16		No Helicopter Transports				
		February Totals	0	0	0	0
		Transports w/Lurie Children's Transport Team			0%	
<p>Helicopter transport of a patient or organ involves an incoming flight to Lurie Children's with the child or organ on board, and a departing flight from the hospital after the child or organ is delivered. In some cases, it is essential to have Lurie Children's pediatric medical transport team escort the patient from the remote hospital to Lurie Children's. In these cases, the helicopter picks up the medical transport team from Lurie Children's and then flies to the referring hospital to begin care for the child while en route back to Lurie Children's.</p>
