Monthly Community Heliport Usage Report

JULY 2023

Date	Point of Departure	Diagnosis	Patients Transported	Organs Transported	Lurie Children's Transport Team	Landings
Jul - 2023	Children's Hospital of Illinois	Status epilepticus	1	-	0	1
Jul - 2023	OSF Saint Francis Hospital	Status epilepticus	1	-	0	1
Jul - 2023	OSF Saint Francis Hospital	Stridor and respiratory failure	1	-	0	1
Jul - 2023	OSF Saint Francis Hospital	Aspiration and respiratory failure	1	-	0	1
Jul - 2023	OSF Saint Francis Hospital	Acute right sided weakness	1	-	0	1
Jul - 2023	Silver Cross Hospital	Acute gastrointestinal bleeding	1	-	0	1
Jul - 2023	Franciscan Health Michigan City	Brain tumor	1	-	0	1
Jul - 2023	OSF Saint Francis Hospital	Acute heart failure	1	-	0	1
Jul - 2023	Children's Hospital of Illinois	Respiratory failure	1	-	0	1
Jul - 2023	Ascension Saint Joseph-Joliet, Joliet, IL	Trauma due to motor vehicle collision	1	-	0	1
Jul - 2023	Northwestern Medicine Kishwaukee Hospital	Cardiac arrest	1	-	1	2
Jul - 2023	Rochelle Community Hospital	Status epilepticus	1	-	0	1
		July Totals	12	0	-	14*
		Transports w/Lurie Children's Transport Team			1	-

Helicopter transport of a patient or organ involves an incoming flight to Lurie Children's with the child or organ on board, and a departing flight from the hospital after the child or organ is delivered. In some cases, it is essential to have Lurie Children's pediatric medical transport team escort the patient from the remote hospital to Lurie Children's. In these cases, the helicopter picks up the medical transport team from Lurie Children's and then flies to the referring hospital to begin care for the child while in route back to Lurie Children's.

**Pilot landing/training*
