Monthly Community Heliport Usage Report
January 2018**

Date	Point of Departure	Diagnosis	Patients Transported	Organs Transported	Lurie Children's Transport Team	Flights
Jan - 18	Silver Cross	Respiratory Distress/CHD	1	0	No	1
	Grayslake Emergency Center	Multiple Trauma	1	0	No	1
	Rockford Memorial/Mercy Health	MCA	1	0	No	1
	Rockford Memorial/Mercy Health	Septic Shock	1	0	No	1
		January Totals	4	0		4
		Transports w/Lurie Children's Transport Team			No	

Helicopter transport of a patient or organ involves an incoming flight to Lurie Children's with the child or organ on board, and a departing flight from the hospital after the child or organ is delivered. In some cases, it is essential to have Lurie Children's pediatric medical transport team escort the patient from the remote hospital to Lurie Children's. In these cases, the helicopter picks up the medical transport team from Lurie Children's and then flies to the referring hospital to begin care for the child while in route back to Lurie Children's.

**Lurie Children's Helicopter Transport Usage
Historical Data**

	Total Patient/ Organ Transports	Lurie Children's Transport Team Needed	% of transports w/team	Total Patient Flights	% of Flights 8a-9p
2012 Totals	30	9	33%	31	71%
2013 Totals	39	15	38%	45	78%
2014 Totals	18	10	56%	26	69%
2015 Totals	31	18	58%	42	60%
2016 Totals	44	21	48%	51	53%
2017 Totals	44	19	41%	54	74%
January 2018	4	0	0%	4	75%
