

2023/2024 Specialist Referral Guide

 Ann & Robert H. Lurie
Children's Hospital of Chicago®

LurieMD Hotline: 1.855.587.4363

To respond quickly to medical professionals' needs, the hospital's LurieMD Hotline is exclusively for physicians and answered 24/7/365. You will speak to someone live and receive a call back from a Lurie Children's specialist within 30 minutes or by the end of business, based on urgency.

Families: 1.800.KIDS DOC® (1.800.543.7362)

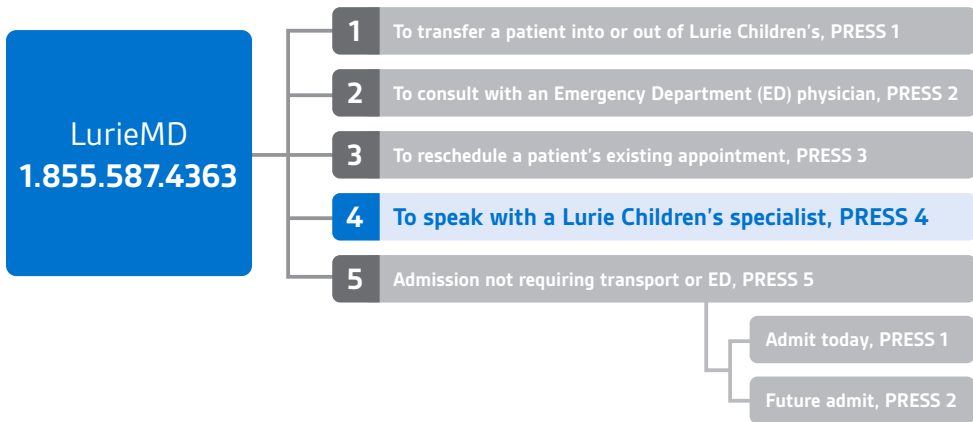

Also answered by pediatric nurses, KIDS DOC is the central access point for families. Callers can schedule or reschedule appointments, pre-register, get driving directions and more. Families may also visit luriechildrens.org/kidsdoc to request a new appointment.

Specialties by location, maps, parking/free shuttle information and more is available at luriechildrens.org/locations.

KIDS DOC Centralized Scheduling's hours have been expanded to be more family-friendly:
Monday–Friday: 7:30 a.m.–6 p.m. Saturday: 8 a.m.–Noon

Lurie Children's is offering virtual outpatient appointments for some specialties, giving your patients the ability to receive a consultation with a Lurie Children's specialist via real-time video or telephone.

How to refer a patient

Lurie Children's Health System

Outpatient service locations

- **Lincoln Park** (at 2515 N. Clark Street/467 W. Deming Place and 1440 N. Dayton Street, Chicago)
- **Arlington Heights** (at Northwest Community Hospital)
- **Arlington Pediatric Therapy** (3105 Wilke Road, Arlington Heights)
- **Geneva** (at Lurie Children's at Northwestern Medicine Delnor Hospital Pediatric Outpatient Center)
- **Glenview** (at 3633 W. Lake Avenue, Suite 103)
- **Grayslake** (at Northwestern Medicine Grayslake Outpatient Center)
- **Huntley** (at Northwestern Medicine Hospital Huntley)
- **Lake Forest** (at Northwestern Medicine Lake Forest)
- **Naperville** (at 636 N. Raymond Drive)
- **New Lenox** (at Silver Cross Hospital)
- **Northbrook** (Outpatient Services at 1131 Techny Road and Surgery Center at 1121 Techny Road)
- **Skokie** (at 3722 W. Touhy Avenue)
- **Westchester** (Outpatient Services and Surgery Center at 2301 Enterprise Drive)
- **Rehabilitative Services at Westbrook** (at Westbrook Corporate Center, 11301 West Cermak Road, Suite 100, Westchester)
- **Winfield** (at Lurie Children's at Northwestern Medicine Central DuPage Hospital Pediatric Outpatient Center)
- **Pediatric Neuro-Oncology Clinic at Northwestern Medicine Chicago Proton Center** (at 4455 Weaver Parkway, Warrenville)

Lurie Children's Health System

Partner Hospitals

(Lurie Children's physicians on-site for inpatient care)

- **Franciscan Health Crown Point** in Crown Point, IN
- **La Rabida Children's Hospital** in Chicago's Jackson Park neighborhood
- **Lurie Children's at Northwestern Medicine Central DuPage Hospital** in Winfield, IL
- **Lurie Children's at Northwestern Medicine Delnor Hospital** in Geneva, IL
- **Northwestern Medicine Huntley Hospital** in Huntley, IL
- **Northwestern Medicine Lake Forest Hospital** in Lake Forest, IL
- **Northwestern Medicine Palos Hospital** in Palos Heights, IL
- **Northwestern Medicine Prentice Women's Hospital** in Chicago's Streeterville neighborhood
- **Shirley Ryan AbilityLab** in Chicago, IL
- **Silver Cross Hospital** in New Lenox, IL

Lurie Children's Health System

Lurie Children's Primary Care Locations

- **Lurie Children's Pediatrics at Deming**
(at 467 W. Deming Place, Chicago)
- **Lurie Children's Pediatrics - Uptown**
(at 4867 N. Broadway Avenue, Chicago)
- **Lurie Children's Primary Care - Chicago Area Pediatrics**
(at 1950 Dempster Street, Evanston, IL)
- **Lurie Children's Primary Care - Town & Country Pediatrics**
(at 1460 N. Halsted Street, Suite 402, Chicago)
(at 2601 Compass Road, Suite 120, Glenview, IL)
(at 3722 W. Touhy Avenue, Skokie, IL)

Affiliation

- **Almost Home Kids** in Chicago and Naperville

For Families

Immediate Care Centers are located at:

- **Lincoln Park Outpatient Center**

2515 N. Clark Street, 8th Floor, Suite 801
Chicago, IL 60614-3393
312.227.8800

- **Northbrook Outpatient Center**

1131 Techny Road
Northbrook, IL 60062
312.227.7660

Hours at both locations: Monday through Friday from 4 to 10 p.m.

Saturday, Sunday and Holidays from Noon to 6 p.m.

Lurie Children's Virtual Immediate Care

Appointments available seven days a week. For troubleshooting questions, contact telemedicinesupport@luriechildrens.org.

Hours for Virtual Care: Monday through Friday, 2 to 8:30 p.m.

Saturday and Sunday 9 to 11 a.m.

Lurie Children's MyChart

Families can sign up for Lurie Children's MyChart. Benefits of a MyChart account include the ability to:

- Access test results
- E-mail a physician
- Request prescription refills
- Make and manage appointments
- Receive estimates for services
- Streamline check-in
- Pay a bill

To sign up for Lurie Children's MyChart, families can visit MyChart.luriechildrens.org

The Potocsnak Family Division of Adolescent and Young Adult Medicine

312.227.6800 *phone* | 312.227.9441 *fax*

Division Head

Robert Garofalo, MD, MPH

Special interests: Adolescent HIV/AIDS issues, sexually transmitted diseases, healthcare for LGBT youth

Associate Division Head for Clinical Practice

Gregg J. Montalto, MD, MPH

Special interests: Equity in eating disorder treatment, youth-friendly health services in developing nations

Behavioral Health Director

Diane Chen, PhD

Special interests: Assessment, consultation and therapy for transgender and nonbinary (TNB) youth and youth with differences of sex development/intersex variations (DSD/I), medical decision-making among TNB youth and youth with DSD/I

The Potocsnak Family Division of Adolescent and Young Adult Medicine (*continued*)

Division Staff Physicians

Cherie P. Dhar, MD

Fellowship Director

Special interests: Menstrual disorders, sexual and reproductive health, LGBT-identified youth

Maria H. Rahmandar, MD

Medical Director, Substance Use and Prevention Program

Special interests: Substance use and prevention

Lance Nelson, MD, MS, MA

Medical Director, Eating Disorders Program

Special interests: Eating disorders

Lisa Simons, MD

Medical Director, Mental Health in Primary Care

Special interests: Adolescent primary care, mental health, menstrual disorders, stress management, care for LGBT-identified youth, HIV prevention and treatment

Raina Voss, MD, MPH

Medical Director, Gender Development Program

Special interests: LGBT health, adolescent primary care, sexual and reproductive health

The Potocsnak Family Division of Adolescent and Young Adult Medicine (*continued*)

Division Staff Psychologists

Claire Coyne, PhD

Fellowship Director

Special interests: Transgender and gender non-conforming children and adolescents, trauma-focused treatment for children and adolescents exposed to trauma

Anna Ros, PhD

Special interests: Cognitive behavioral therapies for adolescent mood, anxiety and emotional dysregulation; risk assessment and safety planning; Spanish-language service provision

Division Advanced Practice Providers

Jennifer Jensen, MSN, APRN, CPNP

Special interests: Sexually-transmitted infections, care for LGBT-identified youth

India Willis, MPH, MSN, RN, FNP-BC, AAHIVS

Special interests: Care for LGBT-identified youth, HIV prevention and treatment, sexually-transmitted infections

Telemedicine appointments available

Interim Division Head

Rajesh Kumar, MD

Special interests: Asthma, food allergy, wheezing in early childhood, research in asthma lung function and early life environment research

Division Staff Physicians

Aisha Ahmed, MD

Special interests: Primary immune deficiency diseases, transition of care, research, telemedicine

Timothy J. Brown, MD

Special interests: Pediatric asthma, allergic rhinitis, hives/angiodema

Anna B. Fishbein, MD

Special interests: Atopic dermatitis, sleep disturbances, hereditary angiodema, research

Fatima Khan, MD

Special interests: Food allergy, asthma, atopic dermatitis, allergic rhinitis

Abigail T. Lang, MD

Special interests: Food allergy, primary immune deficiency diseases, asthma

Allergy/Immunology (*continued*)

Cynthia J. Lerner, MD

Special interests: Food allergy, drug allergy, primary immunodeficiency diseases

Elizabeth Lippner, MD

Special interests: Asthma, food allergy and immunodeficiency, telemedicine

Melanie M. Makhija, MD

Special interests: Food allergy, oral immunotherapy, eosinophilic esophagitis, primary immunodeficiencies

Sai Nimmagadda, MD

Special interests: Food allergy, difficult to control asthma, atopic dermatitis, allergic rhinitis, food allergy research

Jessoca Palmieri, DO

Special interests: Food allergies, food allergy research, atopic dermatitis, drug allergies and asthma

Nashmia Qamar, DO

Special interests: Food allergy, immunodeficiency, telemedicine

Melissa Watts, MD

Special interests: Transition Clinic for later adolescents, food allergy, drug allergy, asthma

Allergy/Immunology (continued)

Division Advanced Practice Providers

Jennifer Bosworth, APRN

Special interests: Food allergy and oral immunotherapy

Linda Federer, APRN

Special interests: Food allergy, atopic dermatitis, asthma, telemedicine

Member(s) of Children's Community Physicians Association

Aaron T. Donnell, MD 773.388.2322 phone | 773.388.2333 fax

Special interests: Food allergy, asthma, nasal allergies, eczema, insect sting allergies

James R. Hunter, MD 708.460.4949 phone | 708.957.7471 fax

Special interests: Allergies, asthma

Mark Lowenthal, MD 847.433.7660 phone | 847.433.7662 fax

Kelly K. Newhall, MD 773.388.2322 phone | 773.388.2333 fax

Special interests: Allergy and immunology

Diane L. Ozog, MD 630.652.0606 phone | 630.652.9900 fax

Alan H. Resnick, MD 847.433.7660 phone | 847.433.7662 fax

Special interests: Allergic rhinitis (hay fever), asthma, sinusitis

Anesthesiology

312.227.5170 phone | 312.227.9730 fax

Department Chair and Anesthesiologist-in-Chief
Interim Division Head, Pain Medicine

Olutoyin Olutoye, MD, MSc

Special interests: Fetal anesthesia, pediatric anesthesiology

Interim Division Head, Academic and Clinical Anesthesiology

Richard Dsida, MD

Special interests: Pediatric anesthesiology

Division Head, Cardiac Anesthesiology

Ken Brady, MD

Special interests: Cardiac anesthesia, pediatric anesthesiology

Anesthesiology (continued)

Department Staff Physicians

Bradley M. Albers, MD

Special Interests: Pediatric anesthesiology

Heather A. Ballard, MD

Special Interests: Perioperative and interoperative care of patients undergoing liver transplantation, fetal anesthesia, pediatric anesthesiology

Hubert Benzon, MD

Special Interests: Neuro-anesthesia, simulation education, pediatric anesthesiology

Wendy Binstock, MD

Special Interests: Perioperative and intraoperative care of patients undergoing liver transplantation, pediatric anesthesiology

Anne Boat, MD

Special Interests: Fetal anesthesia, pediatric anesthesiology

Nicholas Burjek, MD

Special Interests: Perioperative and intraoperative care of patients undergoing liver transplantation, post-operative pain management, regional anesthesia, pediatric anesthesiology

Anesthesiology (continued)

Eric Cheon, MD

Special interests: Perioperative and intraoperative care of patients undergoing liver transplantation, anesthesia informatics, outcome data, research, pediatric anesthesiology

Yeona Chun, MD

Special Interests: Fetal anesthesiology, pediatric anesthesiology

Jillian Dibiase, DO

Special Interests: Pediatric anesthesiology

Michael Evans, MD

Special Interests: Cardiac anesthesia, pediatric anesthesiology

Anna Dziamski, MD

Special Interests: Pediatric anesthesiology

Amy Fang, MD

Special Interests: Cardiac anesthesia, pediatric anesthesiology

Alexander, Froyshteter, MD

Special Interests: Pediatric anesthesiology

Jacob Heninger, DO

Special Interests: Pediatric anesthesiology

Anesthesiology (*continued*)

Jennie Hou, MD

Special Interests: Pediatric anesthesiology

Andrea Huang, MD

Special Interests: Pediatric anesthesiology

Alina Lazar, MD

Special Interests: Perioperative and intraoperative care of patients undergoing liver transplantation, regional anesthesia, pediatric anesthesiology

Olga Leavitt, MD

Special Interests: Pediatric anesthesiology

Ryan Marcelino, MD

Co-Program Director, Regional Anesthesia Fellowship

Medical Director, Regional Anesthesia

Special interests: Regional anesthesia, pain management pediatric anesthesiology

Ann Monahan, DM

Special Interests: Pediatric anesthesiology

Isabella Mukherji, MD

Special Interests: Pediatric anesthesiology

Anesthesiology (*continued*)

Mitchell Phillips, MD

Special Interests: Regional anesthesia, perioperative and intraoperative care of patients undergoing liver transplantation, pediatric anesthesiology

Nisha Pinto, MD

Special Interests: Pediatric anesthesiology

Alison Robles, MD

Special Interests: Pediatric anesthesiology, fetal anesthesiology

Jordan Schell, MD

Special Interests: Pediatric anesthesiology

Ravi Shah, MD

Special Interests: Fellowship program director, regional anesthesia, acute and chronic pain management, pediatric anesthesiology

Shashank Singh, MD

Special Interests: Pediatric anesthesiology

Lisa Sohn, MD

Special Interests: Quality and patient safety, pediatric anesthesiology

Anesthesiology (*continued*)

Jared Spilka, MD

Special Interests: Cardiac anesthesia, pediatric anesthesiology

Anthony Tantoco, MD

Special Interests: Pediatric anesthesiology

Erin Toaz, MD

Special Interests: Pediatric anesthesiology

Michell Tsao, MD

Special Interests: Fetal anesthesia, pediatric anesthesiology

Angelica Vargas, MD

Special Interests: Pediatric anesthesia, regional anesthesia, chronic pain management

Eric Vu, MD

Special Interests: Cardiac anesthesia, pediatric anesthesiology

Jane Yu, MD

Special Interests: Cardiac anesthesia, pediatric anesthesiology

Autonomic Medicine - Center for Autonomic Medicine in Pediatrics (CAMP)

312.227.3300 *phone* | 312.227.9606 *fax*

Chief, Center for Autonomic Medicine in Pediatrics (CAMP)

Debra E. Weese-Mayer, MD

Special interests: Research in genetic disorders of the autonomic nervous system (ANS) and respiratory control; neurocristopathies; congenital central hypoventilation syndrome (CCHS); rapid-onset obesity with hypothalamic dysfunction, hypoventilation and autonomic dysregulation (ROHHAD); sudden infant death syndrome (SIDS); Rett syndrome; physiological maturation of the ANS and respiratory control in extremely preterm-born infants; development of tools to objectively and non-invasively evaluate the ANS

CAMP Staff Physicians

Ilya Khaytin, MD, PhD

Special interests: CCHS, ROHHAD, obstructive sleep apnea, non-invasive positive airway pressure, excessive sleepiness, behavioral insomnia, narcolepsy, sleep in children with neurologic disorders

Nancy L. Kuntz, MD

Special interests: Neuromuscular disorders in children with special emphasis on neuroimmunology and autonomic disorders

Susan M. Slattery, MD, MS

Special interests: CCHS, ROHHAD, neurodevelopmental data analytics in high-risk children, premature neonates

Interim Division Head

Robert I. Liem, MD

Special interests: Sickle cell disease, hereditary spherocytosis, thalassemia and general hematology

Division Staff Physicians

Rudy J. Allen, MD

Special interests: General oncology, neuro-oncology

Sherif Badawy, MD

Special interests: Non-malignant hematology, sickle cell anemia, thalassemia, other hemoglobin disorders

Christina Barriteau, MD, MPH

Special interests: Blood banking, benign hematology, epidemiology

Rachel S. Bercovitz, MD, MS

Special interests: Anemia, bleeding and clotting disorders, general hematology

Rukhmi V. Bhat, MD

Special interests: Hematology, hemostasis, bleeding and clotting disorders

Cancer and Blood Disorders (*continued*)

Sonali Chaudhury, MD

Special interests: Pediatric hematology/oncology, stem cell transplantation for benign hematology

Ammar Hayani, MD

Special interests: General hematology/oncology

Aroop Kar, MD

Special interests: General hematology and oncology

Alicia Lenzen, MD

Special interests: Brain and spinal cord tumors, developmental therapeutics

Loretta Li, MD

Special interests: Acute leukemia and lymphoma

A. Kyle Mack, MD

Special interests: Benign blood diseases, sickle cell disease, blood donations for patients with sickle cell disease

Kyle MacQuarrie, MD, PhD

Special interests: Cancer biology, developmental biology, nuclear organization

Cancer and Blood Disorders *(continued)*

Elaine Morgan, MD

Special interests: Bioethics (research ethics), end-of-life care, leukemia

Ashley Plant, MD

Special interests: Brain and spinal cord tumors, immunotherapy, developmental therapeutics

Jennifer L. Reichel, MD

Special interests: Solid tumors, the psychosocial effects of pediatric cancer, adolescent oncology

Jenna Rossoff, MD

Special interests: Hematologic malignancies, lymphoma and leukemia

Jennifer Schneiderman, MD, MS

Special interests: Stem cell transplantation, reduced intensity conditioning regimens, neuroblastoma, apheresis

Elizabeth Sokol, MD

Special interests: Oncology, solid tumors (neuroblastoma)

Horace E. Smith II, MD

Special interests: Sickle cell anemia, community medicine, medical/spiritual issues, thalassemia

Cancer and Blood Disorders *(continued)*

David O. Walterhouse, MD

Special interests: Molecular oncogenesis, sarcoma treatment

Amy L. Walz, MD

Special interests: Oncology, solid tumors (renal sarcomas), early phase clinical trials, fertility preservation and hormone restoration

Angela Waanders, MD

Special interests: Brain and spinal cord tumors, precision medicine, developmental therapeutics

Joanna L. Weinstein, MD

Special interests: Retinoblastoma, histiocytosis, lymphoma

Division Advanced Practice Providers

Maureen Haugen, MS, APRN, CPNP-PC, CPON

APRN Manager

Special interests: Hematologic malignancies

Alexis Baby, MSN, APRN, CPNP-PC

Special interests: Solid tumors

Kelly Coyne, MSN, APRN-NP, CPNP, CPHON

Special interests: Solid tumors

Cancer and Blood Disorders *(continued)*

Karina Danner-Koptik, MSN, APRN-CNS, CPON

Special interests: Hematology and oncology, stem cell transplant, Survivors Taking Action and Responsibility (STAR) Program

Ashley N. Duff, MSN, APRN, CPNP

Special interests: Hematologic malignancies

Meghan Dzurovcik, APRN-NP

Special interests: Ambulatory infusion

Katie Engelke, APRN-NP, FNP

Special interests: Ambulatory infusion

Edith Freyer, DNP, APRN, CPNP

Special interests: Hematology, thrombophilia, anticoagulation

Susan Gamerman, MS, APRN, CPNP

Special interests: Hematology, hemophilia

Elizabeth Horan, MSN, APRN, CPNP

Special interests: Neuro-oncology

Cancer and Blood Disorders *(continued)*

Barbara Lockart, DNP, APRN/CNP-AC, PC, CPON

Special interests: Care of pediatric, adolescent and young adults diagnosed with solid tumors; fertility preservation counseling in pediatric, adolescent and young adult patients at risk for infertility due to disease or treatment of disease

Lana Laschober, APRN

Special interests: Palliative care

Sarah Macabuhay, MSN, APRN, NP-C

Special interests: Hematology and oncology, stem cell transplant, survivorship, fertility preservation, palliative care

Lea Mayer, APRN-NP, CPNP, CPOHN

Special interests: Solid tumors, adolescent/young adult oncology, early phase clinical trials, Cancer & Blood Disorders APP Fellowship Program

Erin McDonough, MSN, APRN, CPNP-PC

Special interests: Neuro-oncology

Stephanie O'Brien, APRN, NP

Special interests: Ambulatory infusion center, oncology

Cancer and Blood Disorders *(continued)*

Stephanie Odenwald, APRN-NP, CPNP

Special interests: Hematology, sickle cell disease, thalassemia

Kimberly Powers, MA, CPNP

Special interests: Graft versus host disease and comprehensive toxicity management during the peri-transplant period

Jenny Shoop, APRN, DNP, CPN, CPNP-CP

Special interests: Hematologic malignancies and clinical trials

Rachel Simon, DNP, APRN-NP, CPNP-PC

Special interests: Hematology, thrombophilia, anticoagulation

Mary Stoelinga, MSN, APRN, CPNP

Special interests: Toxicity management in the peri-transplant period and critical care issues in the transplant setting, Stem cell transplantation for patients with immunodeficiency

Megan R. Urban, MSN, APRN, CPNP-PC

Special interests: Neuro-oncology

Carly Wylde, DNP, APRN, CPNP

Special interests: Hematologic malignancies and clinical trials

Cardiac Critical Care

312.227.1500 *phone* | 312.227.9765 *fax*

Section Head, Cardiac Critical Care and Cardiac Anesthesia

Kenneth Brady, MD

Special interests: Protecting the newborn brain from injury related to critical heart disease, cardiac surgery, cardiopulmonary bypass, using real-time analytics of patient data to forecast harmful events and promote care optimization with decision support

Medical Director

Kiona Allen, MD

Special interests: Medical Director, Single Ventricle Center of Excellence; Medical Director, NICU-Cardiac Neurodevelopmental Program; pediatric cardiac intensive care, single ventricle heart defects, mechanical circulatory support, neurodevelopmental outcomes

Cardiac ICU

Erin Bressler, MD

Special interests: Pediatric cardiac intensive care medicine, mechanical circulatory support, anticoagulation and thrombosis, critical care transport medicine

Catherine Collins, MD

Special interests: Cardiac critical care, quality improvement, patient safety, psychosocial support of patients and families

Cardiac Critical Care *(continued)*

Conrad L. Epting, MD

Special interests: Director, Fontan Future Initiative and the Cardiac Biorepository; pediatric cardiac intensive care medicine; myocardial repair and regeneration; stem cell biology, biobanking

Meera Keshary, MD

Special interests: Cardiac intensive care, single ventricle heart defects, psychosocial support of patients and families

Candace Mannarino, MD

Special interests: Cardiac intensive care, medical education, simulation, quality improvement, patient safety

Mary McBride, MD, MEd

Special interests: Pediatric cardiac critical care, heart failure/heart transplantation, medical education

Karl Migally, MD

Special interests: Director, CICU Fellowship Program; general pediatric cardiology, pediatric cardiac intensive care, the Fontan circulation, graduate medical education

Amy O'Connor, DO, MSCI

Special interests: Pediatric cardiac intensive care, single ventricle heart defects, neurodevelopmental outcomes, health-related quality of life, mechanical circulatory support

Cardiac Critical Care *(continued)*

Jamie Penk, MD

Special interests: Pediatric cardiac critical care, clinical research related to kidney injury prevention, functional echocardiography, optimizing post-operative intensive care

Eric L. Wald, MD, MSCI

Special interests: Pediatric cardiac intensive care, oxidative stress in critical illness, metabolic resuscitation, steroid biology, clinical trials

Division Head, Cardiology and Co-Director, Heart Center

Stuart Berger, MD

Special interests: Sudden cardiac arrest, general pediatric cardiology, postural orthostatic tachycardia syndrome (POTS), congenital heart disease, pediatric cardiac intensive care, pulmonary hypertension, interventional cardiac catheterization

Division Staff Physicians

Ra-id Abdulla, MD

Special interests: Inpatient cardiology, general pediatric cardiology

Kiona Allen, MD

Special interests: Medical Director, Cardiac Critical Care; Medical Director, Single Ventricle Center of Excellence; Medical Director, NICU-Cardiac Neurodevelopmental Program; pediatric cardiac intensive care, single ventricle heart defects, mechanical circulatory support, neurodevelopmental outcomes

Guilherme Baptista de Faria, MD

Special interests: Preventive cardiology, general pediatric cardiology, inpatient cardiology

Irwin Benuck, MD

Special interests: Preventive cardiology

Cardiology (continued)

Erin Bressler, MD

Special interests: Pediatric cardiac intensive care medicine, mechanical circulatory support, anticoagulation and thrombosis, critical care transport medicine

Joseph A. Camarda, MD

Special interests: Non-invasive imaging of congenital heart disease including pediatric echocardiography, MRI and CT scans, general cardiology, complex congenital heart disease, connective tissue disorder

Michael R. Carr, MD

Director, Pediatric Cardiology Fellowship Program

Special interests: Echocardiography and fetal echocardiography, fetal cardiology, general cardiology, Kawasaki disease and graduate medical education

Sami Chaouki, MD

Special interests: Electrophysiology, including catheter ablation of arrhythmias and placement and management of pacemakers and defibrilators

Stephanie Chandler, MD

Special interests: Electrophysiology, including catheter ablation of arrhythmias and placement and management of pacemakers and defibrilators

Cardiology (continued)

Catherine Collins, MD

Special interests: Cardiac critical care, quality improvement, patient safety, psychosocial support of patients and families

Matthew D. Cornicelli, MD

Special interests: General pediatric cardiology and cardiac imaging

Kelly Cox, MD

Special interests: Echocardiography

Lajja P. Desai, MD

Special interests: Invasive electrophysiology

Conrad L. Epting, MD

Special interests: Director, Fontan Future Initiative and the Cardiac Biorepository; pediatric cardiac intensive care medicine, myocardial repair and regeneration, stem cell biology, biobanking

Jeremy Fox, MD

Special interests: Interventional cardiac catheterization

Katheryn E. Gambetta, MD

Special interests: Cardiomyopathy, heart transplantation, heart failure, protein losing enteropathy and exercise

Cardiology (continued)

Nina L. Gotteiner, MD

Special interests: Fetal heart conditions, fetal echocardiography, pulmonary hypertension in the newborn

Amanda Hauck, MD

Special interests: Pediatric echocardiography, assessment of heart function, congenital heart disease, pulmonary hypertension

Nazia Husain, MD, MPH

Special interests: Echocardiography, fetal cardiology, fetal echocardiography and strain imaging, congenital coronary anomalies

Pei-Ni Jone, MD

Special interests: Pediatric echocardiography, 3D echocardiography, Kawasaki disease

Anna Joong, MD

Special interests: Cardiomyopathy, heart transplant, heart failure, mechanical circulatory support

Meera Keshary, MD

Special interests: Cardiac intensive care, single ventricle heart defects, psychosocial support of patients and families

Cardiology (*continued*)

Paul J. Kim, MD

Special interests: General pediatric cardiology

Peter R. Koenig, MD

Special interests: Echocardiography, complex congenital heart disease and single ventricles, general pediatric cardiology (evaluation of chest pain, palpitations, fainting and sports evaluations)

Amy Lay, MD

Special interests: Inpatient cardiology, cardiac imaging, single ventricle follow-up, fetal cardiology

Bethan Lemley, MD

Special interests: Pediatric echocardiography, tetralogy of Fallot

Jarrett Linder, MD

Special interests: Cardiac thrombosis, POTS, advanced cardiac imaging

Defne Magnetta, MD

Special interests: Heart failure, heart transplant

Candace Mannarino, MD

Special interests: Cardiac intensive care, medical education, simulation, quality improvement, patient safety

Cardiology (*continued*)

Amanda Marma, MD

Special interests: Pediatric cardiology, cardiac imaging, preventive cardiology, preventive cardiology research

Mary E. McBride, MD, MEd

Special interests: Pediatric cardiac critical care, heart failure/heart transplantation, medical education

Karl Migally, MD

Special interests: Director, Fellowship Program; general pediatric cardiology, pediatric cardiac intensive care, the Fontan circulation, graduate medical education

Adam Morrison, MD

Special interests: Cardiomyopathy, heart failure, heart transplant

Alan Nugent, MD

Section Head, Interventional Cardiac Catheterization

Special interests: Interventional cardiac catheterization

Amy O'Connor, DO, MSCI

Special interests: Pediatric cardiac intensive care, single ventricle heart defects, neurodevelopmental outcomes, health-related quality of life, mechanical circulatory support

Cardiology (continued)

Angira Patel, MD, MPH

Special interests: Pediatric echocardiography, fetal cardiology, fetal echocardiography, clinical medical ethics, medical student education

Sheetal R. Patel, MD

Special interests: Noninvasive imaging and echocardiography, fetal echocardiography, congenital heart defects, Turner syndrome, single ventricle palliations

Shivani Patel, MD

Special interests: General pediatric cardiology, echocardiography

Andrew N. Pelech, MD

Special interests: General pediatric cardiology, complex congenital heart disease, adult congenital heart disease

Jamie S. Penk, MD

Special interests: Pediatric cardiac critical care, clinical research related to kidney injury prevention, functional echocardiography, optimizing post-operative intensive care

Sandhya Ramlogan, MD

Special interests: Cardiac imaging, fetal cardiology, inpatient cardiology

Cardiology (continued)

Joshua D. Robinson, MD

Special interests: Aortic valve disease including bicuspid aortic valve (BAV), tetralogy of Fallot, non-invasive imaging of congenital heart disease including pediatric echocardiography, MRI and CT scans

Stefani Samples, MD

Special interests: Pediatric echocardiography, fetal echocardiography

Farshad Sedaghat-Yazdi, MD

Special interests: General pediatric cardiology, complex congenital heart disease, exercise testing, pediatric echocardiography

Shawn Sen, MD

Special interests: Joint appointment in neonatology and cardiology, pulmonary hypertension

Paul Tannous, MD

Special interests: Interventional cardiac catheterization

Phil Thrush, MD

Special interests: Cardiomyopathy, heart failure, heart transplantation, mechanical circulatory support

Cardiology (continued)

Eric L. Wald, MD, MSCI

Special interests: Pediatric cardiac intensive care, oxidative stress in critical illness, metabolic resuscitation, steroid biology, clinical trials

Kendra M. Ward, MD, MCSI

Special interests: Arrhythmias, electrophysiology, treatment of rhythm disorders, athletic screenings/ ADHD medications, preventive cardiology, evaluation for family with history of sudden cardiac death

Kae Watanabe, MD

Special interests: Heart failure, heart transplant

R. Gregory Webster, MD

Special interests: Genetic heart rhythm disorders, supraventricular tachycardia, invasive electrophysiology including catheter ablation of arrhythmias and management of pacemakers and defibrillators, evaluation for family with history of sudden cardiac death

Brian Wolfe, MD

Special interests: Inpatient cardiology, single ventricle heart defects, complex congenital heart disease, neurodevelopmental, psychosocial, and quality of life outcomes

Cardiology (*continued*)

Division Advanced Practice Providers

Carrie Alden, MSN, APRN, CPNP

Special interests: Long-term neurodevelopmental follow-up, quality of life, research, medically complex conditions

Jodi Bohl, MSN, APRN, CPNP

Special interests: Heart failure/heart transplant

Elizabeth Cappella, MSN, APRN, PNP

Special interests: Bicuspid aortic valve, connective tissue disorders including Marfan and Turner syndromes, general congenital cardiology

Christina del Santo, MSN, APRN, CPNP

Special interests: Cardiac catheterization

Christina Grunwaldt, MSN, APRN, CPNP

Special interests: Interventional cardiac catheterization

Amanda Hartmann, MSN, APRN, CPNP

Special interests: Heart failure/heart transplant

Jenifer Horn, MSN, APRN, FNP

Special interests: Adult congenital cardiology

Cardiology (continued)

Amanda Labadie, MSN, APRN, CPNP

Special interests: Interventional cardiac catheterization, general congenital cardiology

Cosette Langga, MSN, APRN, CPNP

Kerry Lazewski, APRN, NP

Special interests: Cardiology, cardiac surgery

Mary Grace Lewis, APRN, PNP

Special interests: Cardiology, cardiac surgery, heart failure, heart transplant

Patricia Lynch-Stapleton, MSN, APRN, PNP

Special interests: General congenital cardiology, preventative cardiology

Grace Macek, APRN, NP

Special interests: Cardiology, cardiac surgery, heart failure, heart transplant

Elizabeth McGhee, MSN, APRN, CPNP

Special interests: Heart failure/heart transplant, cardiomyopathy

Stephanie Messerschmidt, MSN, APRN, FNP-C

Special interests: Cardiology, cardiac surgery, heart failure, heart transplant

Cardiology (*continued*)

Jillian Myers, MSN, APRN, CPNP

Special interests: Preventative cardiology, electrophysiology, autonomic dysfunction including syncope and postural orthostatic tachycardia syndrome (POTS)

Marisa Nally, APRN

Special interests: Electrophysiology

Jaclyn Reider, DNP, APRN, CPNP

Special interests: Electrophysiology, pacemakers

Melanie Sojka, APRN, PNP

Special interests: Cardiology, cardiac surgery, heart failure, heart transplant

Michelle Steltzer, MSN, APRN, CPNP

Special interests: Single ventricle physiology, home monitoring program, quality of life, medically complex conditions

Cardiology (continued)

Member(s) of Children's Community Physicians Association

Guy R. Randolph, MD 312.951.5800 *phone* | 312.951.5816 *fax*

Special interests: Congenital heart disease, pediatric echocardiography, fetal echocardiography, transesophageal echocardiography, telemedical echocardiography, exercise testing, The Children's Heart Foundation

Justin Uhl, MD 312.951.5800 *phone* | 312.951.5816 *fax*

Special interests: Cardiology

Thomas J. Weigel, MD 312.951.5800 *phone* | 312.951.5816 *fax*

Special interests: Congenital heart disease, pediatric echocardiography, fetal echocardiography, transesophageal echocardiography, The Children's Heart Foundation

Cardiovascular-Thoracic Surgery

312.227.4240 phone | 312.227.9643 fax

Division Head and Co-Director, Heart Center

Sunjay Kaushal, MD, PhD

Special interests: Neonatal cardiac surgery, single ventricle reconstruction, complex biventricular repairs, adult congenital heart disease, stem cells for congenital heart disease

Division Staff Physicians

Osama M. Eltayeb, MD

Special interests: Congenital heart surgery, neonatal heart surgery, adult congenital heart disease, complex reoperations in congenital heart surgery, heart transplantation, tracheal surgery, vascular rings, pacemakers

Michael C. Mongé, MD

Special interests: Congenital heart surgery, adult congenital heart disease, neonatal cardiac surgery, pediatric mechanical circulatory support, heart transplantation, aortic valve repair, Marfan syndrome, pectus excavatum, pacemakers

Division Advanced Practice Providers

Emily Lane, MMS, PA-C

Taylor Reinhardt, MMS, MS, RD, PA-C

Sarah Williams, MPAS, PA-C

Child Abuse Pediatrics

312.227.6220 phone | 312.227.9418 fax

Division Head

Norell Rosado, MD

Special interests: All aspects of child abuse pediatrics, including immigrant and refugee health

Division Staff Physicians

Melissa Manrique, MD

Special interests: All aspects of child maltreatment with special emphasis on children in foster care

Jessalyn Shaw, MD

Special interests: All aspects of child abuse pediatrics, including family cultural and language considerations, maltreatment prevention and community education

Kirsten Simonton, MD

Special interests: All aspects of child abuse pediatrics, including child abuse in foster home setting, LGBT youth and dental health

Annie Torres, MD

Special interests: All aspects of child abuse pediatrics, including prevention, physical abuse, sexual abuse, neglect, failure to thrive and medical child abuse

Critical Care

312.227.4800 *phone* | 312.227.9753 *fax*

The Pediatric Intensive Care Unit (PICU)/Critical Care team cares for all critically ill infants, children and adolescents with life-threatening conditions. The broad categories of conditions primarily addressed by the team include: sepsis/massive infections; organ dysfunction including respiratory failure, cardiovascular collapse, kidney or liver dysfunction; and brain injury (which includes trauma-related injury, increased intracranial pressure, coma and seizures). The PICU team also provides postoperative care to patients recuperating from prolonged or complex operations, patients in need of advanced monitoring during interventions, sedation services and advanced line placement, and has expertise in end-of-life management.

Telemedicine appointments available

Division Head

Anthony J. Mancini, MD

Special interests: Vascular skin lesions (infantile hemangiomas and vascular malformations), atopic dermatitis, general pediatric dermatology, skin infections and exanthems, laser therapy

Division Staff Physicians

Sarah L. Chamlin, MD

Special interests: General pediatric dermatology, vascular skin lesions (hemangiomas, port wine stains and other vascular malformations and tumors) laser therapy, quality of life issues, hair and nail disorders

Brandi M. Kenner-Bell, MD

Special interests: General pediatric dermatology, hidradenitis suppurativa, laser therapy, collagen vascular diseases and skin surgery

Lacey L. Kruse, MD

Special interests: General pediatric dermatology, birthmarks, atopic dermatitis, congenital nevi, pigmented lesions, hemangiomas, pediatric skin cancer, inflammatory skin disorders, psoriasis, skin infections and exanthems

Dermatology (continued)

Amy S. Paller, MD

Special interests: General pediatric dermatology, blistering disorders, ichthyosis, genetic skin disorders, immune disorders, atopic dermatitis, collagen vascular disorders, psoriasis

Annette M. Wagner, MD

Special interests: Pediatric dermatologic surgery and laser; removal of birthmarks and acquired skin tumors (congenital nevi, Spitz nevi, atypical nevi, nevus sebaceous, pilomatrixoma, dermoid cysts, pyogenic granuloma, aplasia cutis); medical, laser and surgical management of hemangiomas and vascular malformations; laser treatment of portwine stains; general pediatric dermatology

Karina L. Vivar, MD

Special interests: General pediatric dermatology, oncologic dermatology, melanocytic lesions, atopic dermatitis, psoriasis, inflammatory skin diseases, hemangiomas and other vascular lesions, laser therapy and dermatologic surgery

Duri Yun, MD, MPH

Special interests: General pediatric dermatology, atopic dermatitis, birthmarks, inflammatory skin disorders, skin infections, exanthems, complex medical dermatology, teledermatology

Division Advanced Practice Provider

Megan E. Reynolds, MSN, APRN, CPNP

Special interests: Atopic dermatitis, acne vulgaris, warts, molluscum

Developmental and Behavioral Pediatrics

The Kenneth and Anne Griffin Emergency Care Center provides acute care for ill and injured children. This Level I pediatric trauma center is staffed 24 hours a day by pediatric emergency medicine specialists and fellows. Additionally, board-certified pediatricians bridge the gap between acute illness services provided in a physician's office and the emergency department.

Mary R. Wyers, MD

Special interests: Musculoskeletal radiology, CT and MR imaging

Medical Imaging *(continued)*

Division Head, Interventional Radiology

Shankar Rajeswaran, MD

Special interests: Unicameral bone cysts, aneurysmal bone cysts and vascular malformations

Division Staff Physicians, Interventional Radiology

Joe (Jebb) B. Baker, MD

Special interests: Interventional radiology

Donald Cantrell, MD

Special interests: Neuro-interventional radiology

James Donaldson, MD

Special interests: Pediatric vascular anomalies and vascular malformations

Ali Shaibani, MD

Special interests: Neuro-interventional radiology

Division Advanced Practice Providers

Jannell Bichl, APRN

Special interests: Interventional radiology

Julie Chesterton, APRN

Special interests: Interventional radiology, vascular anomalies, vascular malformations

Medical Imaging (continued)

Interim Division Head, Pediatric Neuroradiology

Elysa Widaja MD, MPH, PhD

Special interests: Pediatric epilepsy outcomes research, treatment, and economic evaluation

Division Staff Physicians, Pediatric Neuroradiology

Jessie Aw-Zoretic, MD

Special interests: Fetal MR imaging, fetal ultrasound, advanced neuroimaging, demyelination, neurodevelopment, trauma/ concussion and neonatal injuries

Corey S. Bregman, MD

Special interests: Head and neck, radiology informatics, medical informatics, quality improvement

Judith Gadde, DO, MBA

Special interests: Epilepsy imaging, developmental malformations, Chiari Type 1

Alok Jaju, MD

Special interests: Neuroradiology, advanced MRI techniques, body MRI, CNS tumor imaging

Sarah J. Moum, MD

Special interests: Neurovascular disease, neuro-oncology, inborn errors of metabolism, head and neck

Maura E. Ryan, MD

Special interests: Neuroradiology (head and neck, temporal bone pathology, brain tumors, spine imaging)

Neonatology

312.227.4190 *phone* | 312.227.9749 *fax*

Infants treated for complex problems encompassing many specialty services, including extreme prematurity, pediatric general surgery, cardiovascular-thoracic surgery, neurosurgery, genetics, metabolic disorders and otolaryngology.

Division Head

Aaron Hamvas, MD

Special interests: Rare and/or inherited lung diseases in infants and children

Medical Director, NICU, Lurie Children's

James W. Collins, Jr., MD, MPH

Special interests: Perinatal epidemiology, disparities in neonatal outcomes

Medical Director, NICU, Northwestern Medicine Prentice Women's Hospital

Leslie Caldarelli, MD

Special interests: Healthcare quality and safety simulation to facilitate education

Medical Director, Mother-Baby Unit, Northwestern Medicine Prentice Women's Hospital

Malika D. Shah, MD

Special interests: Neonatal nutrition, the use of human milk, breastfeeding friendly hospital practices and infant growth and development

Neonatology (*continued*)

Director, Bronchopulmonary Dysplasia Program

Megan B. Lagoski, MD

Special interests: Lactation support, care of premature babies with respiratory illness

Neonatology Co-Director, Transport Team

Shamik Trivedi, MD

Special interests: Application of simulation to medical education

Neonatology Co-Director, The Chicago Institute for Fetal Health

Meghan Coghlan, MD

Special interests: The Chicago Institute for Fetal Health Program

Medical Director, Outreach Neonatology

Brett R. Galley, MD

Special interests: Quality improvement, patient safety

Director, NICU-Cardiac Neurodevelopmental Program: Early Childhood Clinic

Raye-Ann Odegaard deRegnier, MD

Special interests: Early assessment and developmental follow-up of NICU graduates

Neonatology (*continued*)

Division Staff Physicians

Ankur Datta, MD

Special interests: Fetal health, infants with chronic lung disease

Isabelle De Plaen, MD

Special interests: Mechanisms of gut injury-necrotizing enterocolitis

Maria Luz V. Dizon, MD

Special interests: Perinatal hypoxic-ischemic brain injury and its impact on white matter development

Gustave H. Falciglia, MD

Special interests: Informatics, health service research, nutrition

Jessica T. Fry, MD

Special interests: Communication in neonatal intensive care, bioethics and perinatal palliative care

Justyna Grothaus, MD

Special interests: Healthcare quality and safety

Arika Gupta, MD

Special interests: Simulation to facilitate education

Gillian Headley, MD

Neonatology (*continued*)

Natalia Henner, MD

Special interests: Perinatal and neonatal palliative care, bioethics, communication

Shayna Hibbs, MD

Special interests: Perinatal epidemiology, disparities in neonatal outcomes

Richard Kampanatkosol, DO

Yasmin Khan, MD

Special interests: Neonatal brain injury

Kenny Kronforst, MD

Site Leader, Humboldt Park Health

Special interests: Healthcare quality and safety

Kerri Z. Machut, MD

Special interests: Healthcare quality and safety, parent and family support

Stephanie Marshall, MD

Special interests: Point-of-care ultrasound

Cassandra Montoya, MD

Special interests: Point-of-care ultrasound

Neonatology (continued)

Karna Murthy, MD

Special interests: Improving clinical outcomes through health services research

Patrick J. Myers, MD

Director, Neonatal-Perinatal Medicine Fellowship Program

Special interests: Epidemiology of neonatal outcomes

Scottie Paitl, MD

Marta Perez, MD

Special interests: Basic investigation in lung development and pulmonary hypertension

Nicolas Porta, MD

Special interests: Neonatal and pediatric pulmonary hypertension, chronic respiratory failure, neonatal cardiac disease; The Chicago Institute for Fetal Health

Nicole Pouppirt, MD

Special interests: NICU developmental follow-up

Mary E. Robbins, MD

Special interests: Basic investigation in lung development and bronchopulmonary dysplasia

Daniel Robinson, MD

Special interests: Optimizing neonatal nutrition and lipid metabolism

Neonatology (*continued*)

Mario Sanchez, MD

Shawn Sen, MD

Special interests: Joint appointment in neonatology and cardiology, pulmonary hypertension

Hernan Sierra-Fernandez, MD

Susan Slattery MD

Special interests: Joint appointment in neonatology and autonomic medicine, application of big data

Kirsten Sorum, DO

Stephanie B. Voller, MD

Special interests: Developmental outcomes

Division Advanced Practice Providers

NICU Early Childhood Clinic – Cardiac Neurodevelopmental Program

Denise Barnes, APRN, NNP

Elizabeth E. Smith, APRN, NNP

Neonatology (*continued*)

Nephrology

312.227.6160 *phone* | 312.227.9405 *fax*

Division Head

Priya Verghese, MD

Special interests: Kidney transplant, focal segmental glomerulosclerosis, advanced chronic kidney disease and dialysis, cystinosis, nephrotic syndrome

Division Staff Physicians

Vidhi Dalal, MD

Special interests: Glomerular diseases, basic science research

Gal Finer, MD, PhD (*does not see outpatients*)

Special interests: Genetic kidney diseases

Meredith Harris, MD, MPH

Special interests: Chronic and acute dialysis, congenital anomalies of the kidney and urinary tract, genetics of kidney disease, complement dysregulation disorders of the kidney, fetal care medicine, improving AKI outcomes

Kavita Hodgkins, MD

Special interests: Kidney health in urologic disease, dysfunctional voiding, UTIs, single kidney, hypertension, acute kidney injury, chronic kidney injury

Nephrology *(continued)*

Mahima Keswani, MD *(does not see outpatients)*

Special interests: Vasculitis, nephrotic syndrome, hypertension, chronic kidney diseases

Jill Krissberg, MD

Special interests: Glomerular disease, nephrotic syndrome, advanced chronic kidney disease, cystic kidney disease

Alexander J. Kula, MD

Special interests: Cardiorenal syndrome, hypertension, chronic kidney disease, kidney care for heart and liver transplant recipients

Jerome C. Lane, MD

Special interests: Systemic lupus erythematosus (SLE), nephrotic syndrome, kidney vasculitis, chronic kidney disease, end-stage kidney disease, kidney transplantation, plasmapheresis, lipopheresis, prenatal counseling, congenital abnormalities of the kidney and urinary tract (CAKUT)

Debbie Matossian, MD, MSCI

Special interests: Kidney transplantation, hypertension, chronic kidney disease, focal segmental glomerulosclerosis, health equity

Nephrology (continued)

Division Advanced Practice Providers

Darleen Diaz, MSN, APRN, FNP-PC

Special interests: Multicystic dysplastic kidney and renal ectopia

Laura K. Duffy, MSN, APRN, CPNP

Special interests: Obesity and hypertension, chronic kidney disease, nephrotic syndrome, proteinuria, cystic kidney disease, reflux nephropathy, congenital anomalies of the kidney and urinary tract (CAKUT including solitary kidney, ectopic kidney, horseshoe kidney and atrophic kidney)

Lauren Gregory, APRN-NP, CPNP-PC

Special interests: Kidney transplantation, hypertension

Kalyn Mahoney, MSN, CPNP-AC

Special interests: Kidney injuries, acute dialysis

Kyleen D. Schilling, MSN, APRN, CPNP

Special interests: Kidney stone prevention and metabolic evaluation, hypercalciuria, solitary kidney, hypertension, cystic kidney disease, chronic kidney disease

Candace Strauss, MSN, APRN, CPNP

Special interests: Hypertension, renal cysts, autosomal dominant polycystic kidney disease, multicystic dysplastic kidneys, renal cysts

Nephrology *(continued)*

Ashley Voit, APRN, NP

Special interests: Kidney transplantation

Member(s) of Children's Community Physicians Association

Ronald J. Kallen, MD847.433.3345 phone | 847.433.4426 fax

Special interests: Kidney diseases, voiding dysfunction, enuresis, urinary tract infections, hypertension, abnormal urinalysis

Telemedicine appointments available

Division Head

Leon G. Epstein, MD

Special interests: General neurology, viral disorders on the nervous system, migraine headaches, additional neurological consultations for complex disorders

Medical Director, Mazza Foundation Neuromuscular Program

Nancy L. Kuntz, MD

Special interests: Neuromuscular disorders

Medical Director, Ruth D. & Ken M. Davee Pediatric Neurocritical Care Program

Andrea C. Pardo, MD

Special interests: Neonatal stroke, neonatal seizures, fetal and neonatal neurology

Division Staff Physicians

Denis Altman, MD

Special interests: General neurology

Alma Bicknese, MD

Special interests: General neurology, headaches

Neurology (continued)

Joanna S. Blackburn, MD

Special interests: Movement disorders, tics, spasticity

Tracy Gertler, MD, PhD

Special interests: Neurogenetics

Yolanda Holler-Managan, MD

Special interests: General neurology, autism

S. Anne Joseph, MD

Special interests: General neurology, movement disorders, tics, seizures

Anisa F. Kelley, MD

Special interests: General neurology

Divakar Mithal, MD, PhD

Special interests: Neurocritical care, neurogenetics, neurovascular disorders

Murad Omery, MD

Special interests: General neurology, headaches, concussion

Vamshi Rao, MD

Special interests: Neuromuscular disorders

Neurology (continued)

David G. Ritacco, MD, PhD

Special interests: Neurology of the newborn, headaches, hypoxic-ischemic encephalopathy

Jennifer P. Rubin, MD

Special interests: General neurology disorders, multiple sclerosis, transverse myelitis and other demyelinating diseases/leukodystrophy

Talia Shear, MD

Special interests: General neurology, neuro-oncology

Abigail N. Schwaede, MD

Special interests: Myasthenia gravis, immune-mediated neuropathy, neonatal brachial plexus injury

Laura E. Vernon, MD

Special interests: Neonatal neurology, fetal neurology, developmental delay, neurodevelopment

Neurology (continued)

Division Advanced Practice Providers

Lauren Baidoo, MSN, APRN

Special interests: General neurology

Michele Mills, MSN, APRN

Special interests: Neurocritical care

Erica Prendergast, DNP, CPNP

Special interests: Neurocritical care, temperature management, nursing education

Leslie Ann Sondeen-Opila, MSN, APRN, CPNP

Special interests: Migraines, headaches, tics

Danielle Trokey, MSN, APRN

Special interests: General neurology

Michelle Yee, MSN, APRN, CPNP

Special interests: ADHD, seizure disorders

Telemedicine and in-person visits; ask about same-day access

Division Head

Sandi Lam, MD

Special interests: Epilepsy surgery, neurovascular/cerebrovascular surgery, minimally invasive neurosurgery, neuroendoscopy, neuromodulation, cranial neurosurgery

Division Neurosurgeons

Tord Alden MD

Special interests: Brachial plexus and peripheral nerve, spine, spine tumor, occipital cervical junction, Chiari malformation, skull base, mucopolysaccharidoses

Robin Bowman MD

Special interests: Spina bifida, fetal neurosurgery, tethered cord, neural tube defects, transition of care

Michael DeCuypere, MD, PhD

Special interests: Brain tumor, spine tumor, minimally-invasive spine surgery, minimally-invasive neurosurgery, neuroendoscopy, neurotrauma

Arthur DiPatri MD

Special interests: Craniosynostosis, craniofacial surgery, neurotrauma, brain tumor, Chiari malformation

Neurosurgery (continued)

Jeffrey S. Raskin, MD, MS

Special interests: Functional neurosurgery, spasticity, movement disorders, multidisciplinary/surgical management of pain, neuromodulation, epilepsy surgery, stereotactic laser ablation, minimally-invasive neurosurgery

Division Advanced Practice Providers

Stephanie Cerveney, APRN, NP

Erin Hoeman, APRN, NP

Laura Hunnell, PA-C

Jennifer Misasi, APRN, NP

Kathleen Romanski, APRN, NP

Colleen Rosen, APRN, NP

Daisy Vazquez, APRN, NP

Division Head

Brenda Bohnsack, MD

Special interests: Childhood glaucomas, congenital eye diseases, pediatric cataracts, uveitis, strabismus, eye muscle disorders

Division Staff Physicians

Sudhi P. Kurup, MD

Special interests: Retinopathy of prematurity, strabismus and eye muscle disorders, pediatric cataracts, tear duct abnormalities, retinoblastoma, hemangioma, tuberous sclerosis, uveitis, medical education

Janice Lasky Zeid, MD

Special interests: Strabismus and eye muscle disorders, pediatric cataract, blocked tear duct, optic nerve glioma tumors/neurofibromatosis, retinoblastoma, hemangioma, tear duct abnormalities, medical education

Kelly Laurenti, MD

Special interests: Strabismus and eye muscle disorders, pediatric cataracts, tear duct abnormalities, retinoblastoma hemangioma, uveitis, retinopathy of prematurity, medical education

Ophthalmology (*continued*)

Bahram Rahmani, MD, MPH

Special interests: Pediatric oculoplastics including eyelid hemangioma, asymmetric eyes, droopy eyelids, congenital eyelid coloboma and abnormalities, misdirected lashes, eyelid tumors and trauma, orbital fractures and abnormalities, dermoid cysts, lazy eyes, blocked and infected tear ducts, retinoblastoma, medical education

Safa Rahmani, MD

Special interests: Medical and surgical management of pediatric retinal disease

Hawke H. Yoon, MD

Special interests: Retinopathy of prematurity, pediatric cataracts, strabismus and eye muscle disorders, retinoblastoma, congenital anomalies, hemangiomas, traumatic eye injury, medical education

Division Optometrists

Noreen Shaikh, OD

Special interests: Myopia control, low vision rehabilitation, specialty contact lenses, amblyopia, anisometropia, convergence insufficiency, failed vision screenings, special populations, medical education

Ophthalmology (*continued*)

Magdalena Stec, OD

Special interests: Low vision rehabilitation for retinal hereditary disorders; visual neuro-rehabilitation for traumatic brain injury and acquired brain injury, including sports-related concussion; application of specialty contact lenses for corneal irregularities; traumatic eye injury; amblyopia; anisometropia; aphakia; eye diseases that cause light sensitivity and glare discomfort; medical education

Orthopaedic Surgery and Sports Medicine

312.227.6190 *phone* | 312.227.9404 *fax*

Interim Division Head

Erik C. King, MD

Special interests: Scoliosis (spinal curvature), spine deformities, hand deformities, hand trauma, club foot, general pediatric orthopaedics, upper extremity

Division Staff Physicians

Samer Attar, MD

Special interests: Musculoskeletal oncology

Matthew J. Bueche, MD

Special interests: General pediatric orthopaedics, pediatric spinal deformity, cerebral palsy, children with special needs

Aimee Brasher, MD

Special interests: General pediatric orthopaedics, trauma/fracture management, club foot treatment, hip dysplasia, scoliosis, sports injury treatment and prevention

Rebecca L. Carl, MD

Special interests: Congenital clubfoot treatment using the Ponseti method, sport medicine patients, concussions, nonoperative musculoskeletal conditions ranging from scoliosis to hip dysplasia, sports injury prevention, knee and shoulder injuries

Orthopaedic Surgery and Sports Medicine (continued)

Craig J. Finlayson, MD

Special interests: Orthopaedic sports medicine, ACL injury in the young athlete, osteochondritis dissecans/cartilage injury, instability of the shoulder and knee, hip impingement

Eric B. Fuller, MD

Special interests: Scoliosis and congenital spine deformities, fractures in growing children

Romie Gibly, MD

Special interests: Fracture management, clubfoot, general pediatric orthopaedics

John J. Grayhack, MD

Special interests: Abnormalities in foot, gait, hand, hip, leg and spine; club foot, complex limb reconstruction, limb lengthening, scoliosis (spinal curvature), sports injuries, trauma, spine deformities

Brian T. Hang, MD

Special interests: Sports medicine patients, concussions, musculoskeletal injuries, emergency medicine

Denise T. Ibrahim, DO

Special interests: Sports injuries, pediatric trauma, club foot correction, adolescent scoliosis, hip dysplasia, limb deformity, limb lengthening discrepancy

Joseph A. Janicki, MD

Special interests: Fracture management, adolescent and young adult hip deformity, DDH, pediatric bone health, foot deformity, scoliosis (spinal curvature)

Orthopaedic Surgery and Sports Medicine *(continued)*

Benjamin Katholi, MD

Special interests: Brachial plexus, physical medicine and rehabilitation

Cynthia R. LaBella, MD

Special interests: Diagnosis, treatment and prevention of injuries and medical conditions in young athletes, including knee injury treatment and prevention, concussions and post-concussion syndrome, sprains, strains, dislocations, fractures, overuse injuries, stress fractures, heat illness, nutritional concerns, exercise-induced asthma, conditions unique to athletes with disabilities

Jill E. Larson, MD

Special interests: Neuromuscular hip dysplasia, treatment of neuromuscular or early onset scoliosis, coordinated spasticity care with PM&R, limb deformity correction

Laura M. Lemke, MD

Special interests: Pediatric trauma and fractures, clubfoot, hip dysplasia, lower extremity alignment concerns, non-operative scoliosis

E. Brian Lindell, MD

Special interests: Pediatric trauma and fractures, congenital anomalies, benign tumors, leg-length deformity and discrepancy

Orthopaedic Surgery and Sports Medicine *(continued)*

Brett R. Lullo, MD

Special interests: Scoliosis (spinal curvature), spine deformities, neuromuscular or early onset scoliosis, fracture/trauma management, limb deformity, limb length discrepancy

Neeraj Patel, MD

Special interests: Pediatric sports medicine; ACL injuries, including those in patients with open growth plates; osteochondritis dissecans of knee and elbow; arthroscopy of the knee, shoulder, elbow and ankle; cartilage repair and restoration; patellar and shoulder instability, fracture care

Ana-Marie Rojas, MD

Special interests: Physical medicine and rehabilitation

Michelle L. Sagan, MD

Special interests: Fracture/trauma management, general pediatric orthopaedics, clubfoot treatment

John F. Sarwark, MD

Special interests: Scoliosis (spinal curvature), spinal deformities, gait analysis, injury prevention, sports injuries, infant hip dysplasia, general pediatric orthopaedics, skeletal dysplasia

George Sisson, MD

Special interests: Cerebral palsy, skeletal deformities

Orthopaedic Surgery and Sports Medicine *(continued)*

Vineeta T. Swaroop, MD

Special interests: Cerebral palsy, spina bifida, neuromuscular diagnoses, clubfoot, vertical talus, complex foot deformity, fracture management

Sigrid Wolf, MD

Special interests: Non-operative sports medicine patients, concussion, fracture management

Division Advanced Practice Providers

Tara Counts, PA-C

Miranda De Loof, MSN, APRN, FNP

Elizabeth Galvan, MMS, PA-C

Leslie Gamez-Gallo, MSN, APRN, CPNP

Rebekah Hall, PA-C

Katherine Hentz, APRN-NP, FNP-PC

Katherine P. Kennelly, MSN, APRN, CPNP

Meghan Kostyk, MSN, APRN, CPNP, CCD

Michelle Krischel, PA-C

Orthopaedic Surgery and Sports Medicine *(continued)*

Julie Martin, MSN, APRN, CPNP-PC

Madeline McHugh, PA-C

Elizabeth Powell, RN, MSN, FNP-C

Kristine Santos Martin, MSN, APRN, CPNP

Katherine Shannon, MSN, APRN, PPCNP-BC

Diane Sheehan, ND, APRN, FNP-BC

Brigid Smigiel, APRN-NP, FNP

Catherine Tomaka, APRN-NP, CPNP

Jacqueline Turner, MSN, APRN, FNP-BC

Otolaryngology - Head and Neck Surgery (ENT)

312.227.6230 *phone* | 312.227.9414 *fax*

Telemedicine appointments available; also offering same-day surgery

Division Head

Dana M. Thompson, MD, MS, MBA, FACS

Special interests: Aerodigestive tract disorders, stridor, laryngotracheal stenosis, endoscopic and open airway surgery, laryngomalacia, open and endoscopic airway reconstruction, swallowing disorders, sialorrhea and aspiration, functional endoscopic evaluation of swallowing (FEES), ENT manifestations in children with congenital anomalies and genetic conditions, general pediatric otolaryngology in children with special needs or medically fragile children, obstructive sleep apnea, laryngeal clefts, tracheomalacia, bronchomalacia, tracheostomy, subglottic stenosis, tracheal stenosis, telemedicine

Division Staff Physicians

Kathleen R. Billings, MD, FACS, FAAP

Special interests: Acute and chronic otitis media, hearing loss; tympanic perforations, cholesteatoma; ENT manifestations of craniofacial abnormalities or syndromes including Down and Turner's syndromes; adenotonsillar disease including obstructive sleep apnea and recurrent tonsillitis; management of ear, nose and throat disorders in children with primary ciliary dyskinesia; telemedicine

Otolaryngology (continued)

Saied Ghadersohi, MD

Special interests: General otolaryngology, adenotonsillar diseases including obstructive sleep apnea and recurrent tonsillitis, pediatric airway management, pediatric voice disorders and laryngeal reinnervation, otolaryngological manifestations of cleft and craniofacial abnormalities, sinusitis, velopharyngeal insufficiency, telemedicine

Stephen R. Hoff, MD, FACS, FAPP

Special interests: Minimally-invasive ear surgery (endoscopic ear surgery), microtia and aural atresia, pediatric otology, cholesteatoma, middle ear malformations and hearing loss, cochlear implantation

Jonathan B. Ida, MD, MBA, FACS, FAAP

Special interests: Pediatric airway evaluation and management, subglottic stenosis, open and endoscopic airway reconstruction, pediatric voice disorders and surgery, pediatric stroboscopy, laryngology, bronchoesophagology, pediatric hoarseness, vocal cord paralysis, respiratory papillomatosis, vocal cord nodules, obstructive sleep apnea, tracheal stenosis, laryngeal clefts, tracheomalacia, bronchomalacia, tracheostomy, telemedicine

Doug R. Johnston, MD

Special interests: General otolaryngology, congenital head and neck masses, endoscopic sinus surgery, vascular anomalies of the head and neck, adenotonsillar disease, obstructive sleep apnea, trans-oral robotic surgery (TORS), disorders/surgery of the thyroid/parathyroid glands and vascular malformations, telemedicine

Otolaryngology (*continued*)

Jennifer M. Lavin, MD, MS, FAAP

Special interests: Pediatric sinusitis airway management, recurrent ear infections, head and neck masses, stridor, chronic ear infection, snoring, obstructive sleep apnea, adenotonsillar disease, hearing loss, open and endoscopic airway reconstruction, laryngeal clefts, tracheomalacia, bronchomalacia, tracheostomy, telemedicine

John Maddalozzo, MD, FACS, FAAP

Special interests: Head and neck masses in children; parotid and submandibular tumors as well as cysts, inflammation and stones; brachial cleft deformity/cysts (1st, 2nd, 3rd, 4th); lymphatic malformations; ranulas; mucoceles; lesions/tumors of the tongue; thyroglossal duct cysts; midline cervical cleft; teratomas; dermoid cysts; surgical disease of the thyroid gland (tumors, nodules, autoimmune diseases); thymic cysts; maxillary tumors; dental tumors; telemedicine

Jeff C. Rastatter, MD, MS, FACS, FAAP

Special interests: Benign and malignant head, neck and face tumors; congenital head, neck and face cysts and masses; parotid and submandibular gland surgery; thyroid and parathyroid surgery; airway and breathing problems; sinus and nasal disorders; velopharyngeal insufficiency; ENT manifestations of craniofacial problems; general pediatric otolaryngology; pediatric thyroid disease; pediatric endoscopic skull base surgery

Otolaryngology (*continued*)

Laura H. Swibel Rosenthal, MD

Special interests: Otolaryngological manifestations of cleft and craniofacial anomalies, velopharyngeal insufficiency and other speech and swallowing disorders, obstructive sleep apnea, airway disorders, congenital head and neck disease, sinus disease, general pediatric otolaryngology, telemedicine

James W. Schroeder Jr., MD, MBA, FACS, FAAP

Special interests: Airway management, voice disorders, head and neck masses, feeding and swallowing disorders, noisy breathing, stridor, chronic ear infection, snoring, obstructive sleep apnea, adenotonsillar disease, hoarse voice, hearing loss, sinusitis, open and endoscopic airway reconstruction, laryngeal clefts, tracheomalacia, bronchomalacia, tracheostomy, subglottic stenosis, tracheal stenosis, telemedicine

Taher S. Valika, MD

Special interests: Obstructive sleep apnea, laryngomalacia, tonsil and adenoid problems, refractory sleep apnea, children with syndromes including Trisomy 21 and CHARGE, subglottic stenosis, tracheal stenosis, feeding difficulties, laryngeal clefts, tracheomalacia, bronchomalacia, tracheostomy, open and endoscopic airway reconstructions, telemedicine

Nancy M. Young, MD, FACS, FAAP

Special interests: Hearing loss (sensorineural, conductive, auditory neuropathy), surgical implants for hearing loss including cochlear implantation and Bonebridge implantation, congenital and acquired cholesteatoma, otitis media (ear infection) and its complications

Otolaryngology (*continued*)

Division Advanced Practice Providers

Kalie Erwin, MHS, PA-C

Special interests: General otolaryngology, telemedicine

Amelia Falat, MMS, PA-C

Special interests: General otolaryngology, head and neck disorders, telemedicine

Lauren Gute, MMS, PA-C

Special interests: General otolaryngology, telemedicine

Christina Monteiro, RN, MSN, APRN-CNP

Special interests: General otolaryngology, aerodigestive disorders, telemedicine

Ariella Panos, PA-C

Special interests: General otolaryngology, telemedicine

Rachel Schappacher, PA-C

Special interests: General otolaryngology, telemedicine

Steven Tomasi, PA-C

Special interests: General otolaryngology

Palliative Care

312.227.6833 phone | 312.227.9418 fax

Interim Division Head

Natalia Henner, MD

Special interests: Perinatal palliative care (prenatal consultation and post-birth palliative care), bioethics

Division Staff Physicians

Joel E. Frader, MD, MA

Special interests: Qualitative research regarding family decision-making about seriously ill children; ethical issues in caring for children with differences in sex development and gender nonconformity

Jessica T. Fry, MD

Special interests: Perinatal palliative care (prenatal consultation and post-birth palliative care), bioethics, parent experiences caring for NICU babies

Elaine Morgan, MD

Special interests: Bioethics (research ethics), end-of-life care, leukemia

Teresa Vente, DO

Special interests: Hospice and palliative care, education (HPM Fellowship Director)

Elisha Waldman, MD

Special interests: Pediatric oncology and palliative care, hospice and palliative care, global health

Palliative Care *(continued)*

Division Advanced Practice Providers

Peter Butzen, APRN

Elise Hallez, APRN

Grace Knowles, APRN

Megan Quinn, APRN

Department Head

Elizabeth J. Perlman, MD

Special interests: Pediatric renal tumors, germ cell tumors, genitourinary development

Anatomic Pathology

Nicoleta C. Arva, MD, PhD

Special interests: Pediatric cardiac pathology/transplant pathology, pediatric gastro-intestinal diseases, pediatric thyroid lesions

Robert Byrd, MD

Special interests: Lung pathology

Pauline Chou, MD

Special interests: Pediatric tumors, cytology

Shunyou Gong, MD, PhD

Special interests: Pediatric leukemias and lymphomas, congenital bone marrow failure syndromes, hereditary bleeding and thrombotic disorders

Anita Gupta, MD

Special interests: Liver tumors, vascular lesions

Pathology and Laboratory Medicine (*continued*)

Hector Melin-Aldana, MD

Special interests: Pediatric liver and gastrointestinal pathology

Aida Richardson, MD

Special interests: Pediatric leukemias and lymphomas, molecular genetic pathology

Nitin R. Wadhvani, MD

Special interests: Pediatric central nervous system tumors, spinal dysraphism

Bioinformatics

Patrick McMullen, PhD

Special interests: Bioinformatics and computational biology

Blood Bank Laboratory

Christina Barriteau, MD

Special interests: Hematology, oncology, neuro-oncology, stem cell transplantation

Glenn Ramsey, MD

Special interests: Transfusion medicine, bone marrow and organ transplantation

Pathology and Laboratory Medicine (*continued*)

Clinical Chemistry

Shannon Haymond, PhD, DABCC FACB

Special interests: Mass spectrometry, cardiac and kidney biomarkers, computational pathology, bioinformatics, medical education

Brenda B. Suh-Lailam, PhD, DABCC, FACB

Special interests: critical care, point-of-care testing, factors affecting test results, patient safety, quality assurance, standardization, biomarkers, global health issues

Diagnostic Immunology and Flow Cytometry

Aaruni Khanolkar, MBBS, PhD, D(ABMLI)

Special interests: Development of immunological memory in the context of the dynamics of host-pathogen Interactions, primary immunodeficiency diseases, viral pathogenesis, development and validation of assays that assess immune function

Genetics

Carlos Prada,MD

Special interests: Neurofibromatosis, RASopathies, metabolic diseases, lysosomal storage diseases, diagnostic dilemmas, skeletal dysplasias, research

Pathology and Laboratory Medicine (*continued*)

Katrin Leuer, PhD

Special interests: Cytogenetics, hematologic malignancies

Hematology

Shunyou Gong, MD, PhD

Special interests: Pediatric leukemias and lymphomas, congenital bone marrow failure syndromes, hereditary bleeding and thrombotic disorders

Microbiology

Cecilia Thompson, PhD

Special interests: Rapid detection of infectious agents, antimicrobial resistance testing, clinical virology

Molecular Diagnostics

Pamela Rathbun, PhD

Special interests: Cytogenetics, molecular genetics, genetics of constitutional and neoplastic disorders

Kai Lee Yap, PhD

Special interests: Molecular genetics of heritable conditions, molecular oncology

Pediatrics (Advanced General Pediatrics and Primary Care)

312.227.6110 phone | 312.227.9530 fax

Division Head

Matthew M. Davis, MD, MAPP

Special interests: Health policy, population health research, internal medicine, general pediatrics

Division Clinical Practice Director and Medical Director, Lurie Children's Pediatrics at Lurie Children's Hospital Outpatient Center in Lincoln Park

Tomitra Latimer, MD

Special interests: Care of underserved, general pediatrics, oral health, adolescent care

Division Medical Directors

Caren Mangarelli, MD

Medical Director, Bariatric Surgery Program

Special interests: Lifestyle medicine, prevention and treatment of children and adolescents with obesity, bariatric surgery in children and adolescents, care of patients with spina bifida, healthcare quality and patient safety

Maheen Quadri, MD

Medical Director, Resident Continuity Clinic

Special interests: General pediatrics and primary care, obesity, immunizations, medical education

Pediatrics (Advanced General Pediatrics and Primary Care) *(continued)*

Preethi Raghupatruni, MD

Medical Director, Lurie Children's Physician Office – Pediatrics in Uptown

Special interests: Diverse backgrounds, care of underresourced, care of medically-complex children, care of behavioral health and mental health disorders, wellness and weight

Kavitha Selvaraj, MD, MPH, MAEd

Medical Director, Wellness and Weight Management Program

Special interests: Obesity medicine, trauma, adverse childhood experiences, social influencers of health

Amy L. Whalen, MD

Medical Director, Lurie Children's Care Now

Special interests: Medical education, care of underserved population, medical humanities

Division Staff Physicians

Nina Alfieri, MD, MPH

Special interests: Population health research, children with special healthcare needs

Audrey G. Brewer, MD, MPH

Special interests: Care of underserved, child development, health policy and advocacy, population health and community-based participatory research surrounding helping children and families thrive

Pediatrics (Advanced General Pediatrics and Primary Care) (continued)

Alyssa R. Cohen, MD, MSc

Special interests: General pediatrics, adolescent health, childhood adversity, patient-provider communication and online environments

Carolyn Foster, MD, MSHS

Special interests: Children with complex medical needs including medical technology dependence and/or palliative care needs

Mariana Glusman, MD

Special interests: Literacy promotion, care of underserved, child development, language development, lead poisoning

Ruchi S. Gupta, MD, MPH

Special interests: Research in the areas of asthma, food allergy and eczema

Nia Heard-Garris, MD, MSc

Special interests: Children with diverse backgrounds, immigrant children, research and emphasis on helping children thrive

Kristin Kan, MD, MPH

Special interests: Children with special healthcare needs, medical home, research in access and coverage for underserved families

Pediatrics (Advanced General Pediatrics and Primary Care) (continued)

Jennifer Kusma, MD, MSc

Special interests: Children with special healthcare needs, vaccines and health insurance coverage for underserved families, preventive care

Robert Listernick, MD

Special interests: Consultative pediatrics, children with difficult diagnostic problems, neurofibromatosis

Alexandra A. Ryan, MD

Special interests: Health needs of urban children, children with special healthcare needs

Robert J. Sanchez, MD

Special interests: Children with special healthcare needs, children with diverse backgrounds, care of underserved, immigrant children, complex care, healthcare transition to adult providers

Sandra M. Sanguino, MD

Special interests: Medical education, care of the underserved, primary care

Sharon M. Unti, MD

Sigrid F. Wolf, MD

Special interests: Injury prevention, transgender healthcare, childhood physical activity

Division Advanced Practice Provider

Sarah Neault, MSN, APRN, CPNP-PC

Special interests: Wellness, weight management, care of the underserved

Pediatric Surgery

312.227.4210 *phone* | 312.227.9678 *fax*

SPECIAL DESIGNATION

Lurie Children's is the first children's hospital in Illinois and one of a few in the nation recognized by the American College of Surgeons as a Level 1 pediatric surgery center, the highest quality designation possible.

Chair, Department of Surgery; Surgeon-in-Chief

Thomas Inge, MD, PhD

Special interests: Pediatric bariatric surgery, weight loss surgery, gastrotintestinal surgery, gastroesophageal reflux, laparoscopic surgery, hernia repair, minimally-invasive thoracic surgery, chest wall deformities

Interim Division Head, Pediatric Surgery

Timothy Lautz, MD

Special interests: Surgical oncology, fertility preservation, vascular access, inflammatory bowel disease, hernia surgery, undescended testes, splenic surgery, congenital intestinal anomalies, intestinal and colorectal disorders, extracorporeal membrane oxygen and thoracic surgery

Pediatric Surgery (*continued*)

Division Staff Physicians

Fizan Abdullah, MD, PhD

Special interests: Chest wall deformities, abdominal wall defects, neonatal surgery, pulmonary and upper airway malformations, congenital diaphragmatic hernia, esophageal and gastrointestinal anomalies, hernia repair, tissue engineering, extracorporeal membrane oxygenation (ECMO), surgical safety protocols, surgical infections

Amir Alhajjat, MD

Medical Director, The Chicago Institute of Fetal Health

Special interests: Open and minimally-invasive fetal surgery; twin-twin transfusion syndrome (TTTS); twin reverse arterial perfusion; spina bifida; ex-utero intrapartum treatment (EXIT); open and minimally invasive (laparoscopic and thoracoscopic) neonatal and pediatric surgery, including congenital diaphragmatic hernia (CDH), congenital pulmonary airway malformation (CPAM), congenital esophageal disease, abdominal wall defects, duodenal atresia, splenic and pancreatic disorders, anti-reflux surgery, anorectal malformations, laparoscopic inguinal hernia

Guillermo J. Ares, MD

Special interests: Minimally-invasive and robotic surgery, adolescent bariatric surgery, pediatric surgical oncology, chest wall deformities

Pediatric Surgery (*continued*)

Anthony C. Chin, MD, MS, MBA

Special interests: Pediatric cancer, solid tumors, thoracic surgery, congenital malformations, hernias, endocrine surgery, healthcare quality, surgical outcomes, ECMO

Alexander Dzakovic, MD

Special interests: Advanced minimally invasive pediatric surgery; surgical diseases affecting the liver, bile duct and pancreas; solid organ transplantation

Seth Goldstein, MD, MPhil

Special interests: Advanced minimally-invasive surgery including robotic surgery, fluorescence-guided surgery, thoracic surgery for both congenital and acquired conditions, chest wall deformities, vascular and lymphatic malformations, and inguinal hernias

Julia E. Grabowski, MD

Special interests: Bowel and intestinal disease, colorectal disease, anorectal malformation, Hirschsprung's disease, imperforate anus

Yue-Yung Hu, MD

Special interests: Minimally invasive surgery, general pediatric surgery, hernia surgery, congenital anomalies

Pediatric Surgery (continued)

Rashmi Kabre, MD

Special interests: Trauma; advanced minimally invasive surgery for neonates, infants and children; tumors and developmental anomalies of the neck, chest, abdomen and pelvis; surgery for hernias, undescended testicles, gastroesophageal reflux, chest wall deformities, endocrine disease and anorectal malformation; prenatal counseling

Monica Langer, MD

Special interests: Surgical oncology, gastroschisis, carcinoid tumors, pancreatic cancer

Caroline Lemoine, MD

Special interests: Liver transplantation (living donor, reduced size, split liver), biliary atresia, portal hypertension, rex-shunt, bowel and kidney transplantation, pancreatic surgery, choledochal cyst, liver tumor resection, intestinal rehabilitation, congenital portosystemic shunts

Mehul Raval, MD

Special interests: Thyroid conditions, surgical oncology, endocrine surgery, minimally-invasive surgery, inflammatory bowel disease

Erin E. Rowell, MD

Special interests: Fertility restoration and fertility preservation in pre- and post-pubertal children, including those undergoing cancer treatment; onco-fertility; ovarian cryopreservation; testicular tissue preservation; medical ethics; surgical ethics; prenatal counseling; congenital malformations

Pediatric Surgery (*continued*)

Aimen Shaaban, MD

Medical Director, The Chicago Institute for Fetal Health

Special interests: Surgical treatment of fetal and newborn disease including open and minimally-invasive fetal surgery, congenital diaphragmatic hernia (CDH), sacrococcygeal teratoma (SCT), congenital pulmonary airway malformation (CPAM), gastroschisis, omphalocele, twin-twin transfusion syndrome (TTTS) and fetal bladder outlet obstruction (BOO); congenital lung and airway disease; congenital esophageal disease; conjoined twins; neonatal surgery

Riccardo A. Superina, MD

Special interests: Liver transplantation (living donor, reduced size, split liver), biliary atresia, portal hypertension, rex shunt, bowel and kidney transplantation, pancreatic surgery, choledochal cyst, liver tumor resection, intestinal rehabilitation, congenital portosystemic shunts

Division Advanced Practice Providers

Kerri Baldwin, MSN, APRN, FNP-BC, CWON

Special interests: General pediatric surgery, wound care, ostomy care, cecostomy tube care, gastrostomy tube care, bowel management

Kate Chapman, MSN, APRN, CPNP-PC, CWON

Special interests: General pediatric surgery, wound care including burns and pressure sores, gastrostomy tube care

Pediatric Surgery (*continued*)

Suzanne Kujawa, RNC, MSN, CPNP-PC

Special interests: Chest tube care and removal, gastrostomy tube care, surgical drain removal, central line removal, dressing changes

Barbara Lockart, DPN, APRN, CNP, CPON

Special interests: Fertility preservation, general pediatric surgery, solid tumors

Kendall McCausland, MSN, APRN, CPNP-PC

Special interests: General pediatric surgery, trauma, advanced wound care, gastrostomy care, colostomy and ileostomy care

Allison O'Donnell, APRN-NP

Special interests: General pediatric surgery, trauma, advanced wound care, gastrostomy care, colostomy and ileostomy care

Alison R. Osborne, MS, APRN, NP-C, CWON

Special interests: General pediatric surgery, bowel management, wound care, ostomy care, cecostomy tube care, gastrostomy tube care

Abigail Palisin, MSN, APRN, CPNP-PC

Special interests: General pediatric surgery, wound care, ostomy care, gastrostomy tube care

Pediatric Surgery (*continued*)

Laurie Sands, RN, MSN, CPNP-PC/AC

Special interests: General pediatric surgery, chest tube removal, central line removal, trauma nursing care

Christopher Speaker, APRN, FNP-BC, CPN

Special interests: General pediatric surgery, supprelin transplantation for gender dysphoria and precocious puberty, umbilical hernia, epigastric hernia, inguinal hernia and hydroceles, umbilical granulomas, ingrown toenails, pilonidal disease, subcutaneous masses (pilomatrixoma, dermoid/dermal inclusion and sebaceous cysts)

Sandra M. Weszelits, RN, MSN, APRN, CPNP

Special interests: Pediatric surgical care, feeding access: gastrostomy and jejunostomy tubes, cecostomy and appendicostomy tubes, simple wound care

Linda Zekas, MSN, APRN, CWON, NP

Special interests: Comprehensive surgical care for antenatal and neonatal patients; general pediatric surgery; wound, ostomy and gastrostomy tube care

Division Head

Arun K. Gosain, MD

Special interests: Pediatric plastic surgery with expertise in craniofacial and vascular anomalies, congenital nevi, correction of cleft lip and palate and secondary deformities, distraction of the facial skeleton, dynamic reanimation for facial paralysis and the treatment of neurofibromatosis; cosmetic surgery in adolescents and rhinoplasty

Division Staff Physicians

Noopur Gangopadhyay, MD

Special interests: Microsurgery, reconstructive surgery including traumatic, oncologic, congenital and craniofacial reconstruction

Jennifer McGrath, MD

Special interests: Congenital hand surgery, craniofacial reconstruction, breast surgery

Akira Yamada, MD, PhD

Special interests: Pediatric plastic surgery, ear reconstruction, craniosynostosis, craniofacial anomalies, cleft lip and palate

Plastic and Reconstructive Surgery (*continued*)

Division Advanced Practice Providers

Emily Loufty, APRN, FNP-BC

Special interests: Multidisciplinary care of patients with cleft lip and/or palate and craniofacial anomalies, growth and development in patients with craniofacial anomalies, scar and wound management

Noreen Pulte, APRN

Special interests: Head Shape Clinic

Pritzker Department of Psychiatry and Behavioral Health

312.227.6650 *phone* | 312.227.9659 *fax*

Department Head

John T. Walkup, MD

Vice Chair, Clinical Services

Aron Jansen, MD

Special interests: Transgender youth, suicide prevention

Vice Chair, Research

Andrea Spencer, MD

Special interests: ADHD across the lifespan, child mental health disparities research, mental health services, Spanish speakers

Department Staff Psychiatrists and Psychologists

Jeanne E. Antisdel, PhD

Special interests: Adjustment, coping and compliance for children and adolescents with chronic medical conditions with a special interest in diabetes; ADHD; disruptive behaviors; parent management training; behavioral and emotional regulation skills; neurodevelopmental assessment of young children and children with degenerative diseases

Pritzker Department of Psychiatry and Behavioral Health *(continued)*

Richard A. Arend, PhD

Special interests: Parent management training, behavioral interventions, short-term urgent care

Rachel Ballard, MD

Medical Director, Collaborative Care

Special interests: Outpatient psychiatry, collaborating with pediatric clinicians in providing mental healthcare

Kathryn Benton, PhD

Special interests: Diagnosis of autism spectrum disorder and other neurodevelopmental disabilities; pediatric feeding disorders, preschool disruptive behavior

Ewa Bieber, MD

Special interests: Adolescent mental health, medical co-morbidities, trauma-related disorders

Amanda Burnside, PhD

Special interests: Treating trauma in children and adolescents, consultation-liaison psychology, mood and anxiety disorders

Jennifer Carlson, PhD

Special interests: Diagnosis and treatment of neurodevelopmental disabilities, including autism spectrum disorders, parent-led treatment of co-morbid behavioral disorders and family-based therapy

Diane Chen, PhD

Director, Behavioral Health, Adolescent Medicine

Special interests: Assessment, consultation and therapy for transgender and nonbinary (TNB) youth and youth with differences of sex development/intersex variations (DSD/I), medical decision-making among TNB youth and youth with DSD/I

Colleen Cicchetti, PhD

Director, Center for Childhood Resilience

Does not accept outpatient referrals.

Special interests: Promoting equitable access to evidence-based children's mental health services and decreasing the impact of trauma through innovative, school- and community-based public health strategies, training, evaluation and advocacy

Allison Clarke, PhD

Special interests: Behavioral and cognitive behavioral interventions for pediatric sleep disorders, PAP desensitization

Claire Coyne, PhD

Special interests: Evidence-based individual and family therapy with transgender and gender diverse (TGD) youth and their families, cognitive behavioral therapy with TGD children and adolescents

Pritzker Department of Psychiatry and Behavioral Health *(continued)*

Priscilla H. Duong, PhD

Special interests: Pediatric neuropsychology; cognitive functioning in children with epilepsy; postsurgical outcomes in children with epilepsy

Bonnie S. Essner, PhD

Special interests: Psychological evaluation and treatment of chronic pain, fatigue, nausea and other somatic symptoms among adolescents with a range of chronic health conditions; health behavior promotion interventions and mind-and-body practices for symptom management and to improve functioning

Meredith Evans, PhD

Special interests: Cognitive behavioral and family system approaches to support coping and adjustment in youth with chronic medical conditions, special interest and experience with pediatric transplant populations and type 1 diabetes.

Rebecca Ford-Paz, PhD

Co-Director, Forensic Assessment for Immigration Relief (FAIR) Clinic

Special interests: Refugee/immigrant mental health; evidence-based treatment for trauma-related, mood and anxiety disorders

Tara Gill, PhD

Does not accept outpatient referrals.

Special interests: School and community mental health; youth voice

Pritzker Department of Psychiatry and Behavioral Health (*continued*)

Karen R. Gouze, PhD

Does not accept outpatient referrals.

Special interests: Early childhood ppsychopathology and treatment, impact of trauma and empirically-supported treatments

Jeanne Greenblatt, MD, MPH

Associate Medical Director of Collaborative Care

Special interests: Integrated behavioral health and collaborative care, treatment of complex ADHD and anxiety disorders, assessment and treatment of children and adolescents with developmental disorders and autism spectrum disorder

Clayton Hinkle, PhD

Special interests: Neuropsychological assessment of children and adolescents with congenital heart disease, who were born prematurely, and/or had perinatal or perioperative complications

Kelsey Howard, PhD

Special interests: Therapeutic and consultation services to youth with diabetes and their families; mood, anxiety and adjustment disorders in youth with diabetes using evidence-based interventions

Lizbeth L. Jordan, PhD

Special interests: Pediatric neuropsychology (brain injury and other neurologic disorders)

Pritzker Department of Psychiatry and Behavioral Health *(continued)*

Rebecca M. Kanine, PhD

Special interests: Early childhood developmental assessment, treatment of disruptive behavior problems in young children

Caroline Kerns, PhD

Special interests: Early childhood and parenting, cognitive behavioral therapy for anxiety, training and consulting with school- and community-based providers on evidence-based mental health and trauma-informed principles and practices

MaryBeth Lake, MD

Special interests: Outpatient treatment

John Lavigne, PhD

Chief Psychologist; Does not accept outpatient referrals.

Special interests: Psychological aspects of medically-unexplained symptoms

Kelly W. Lowry, PhD

Training Director, Child and Adolescent Psychology

Special interests: Teaching and training, motivational interviewing, obsessive-compulsive disorder, obesity and bariatrics

Pritzker Department of Psychiatry and Behavioral Health *(continued)*

Devin McNulty, PhD

Special interests: Psychological aspects of acute and chronic medical illness, psychological consultation-liaison and collaborative care, somatic symptom disorders

Katie Meyers, PhD

Special interests: Psychologist embedded with heart transplant team, pediatric consultation, CBT for anxiety and mood disorders, parent training, treatment related to adherence and coping with chronic illness, family therapy

Justin A. Moore, PhD

Special interests: Comprehensive health and behavior assessments and biopsychosocial interventions for children and adolescents with chronic pain within the interdisciplinary Chronic Pain Management Clinic

Jaclyn Papadikis, PhD

Special interests: Psychosocial functioning of children, adolescents and young adults with acute and chronic health conditions and their families, focusing on spina bifida, differences of sex development, complex urological conditions and diabetes

Tapan Parikh, MD

Medical Director, Acute Care Services

Special interests: Refractory anxiety and depression, interventional psychiatry

Pritzker Department of Psychiatry and Behavioral Health (*continued*)

John T. Parkhurst, PhD

Psychology Director, Primary Collaborative Care

Special interests: Collaborative care, primary care, evidence-based assessment, treatments for anxiety disorders

Marisa Perez-Reisler, MD

Special interests: Behavioral health needs of children and adolescents with chronic health conditions, collaborative care

Alba Pergjika, MD, MPH

Medical Director, Psychiatry Consult Services

Special interests: Outpatient psychotropic medication management; evaluation and treatment of mood disorders, anxiety disorders, trauma-related disorders and attention-deficity hyperactivity disorders; management of psychiatric conditions in children with chronic medical conditions; adolescent mental health; collaborative care

Sigita Plioplys, MD

Special interests: Psychiatric and learning problems in patients with neurological disorders, specifically epilepsy; functional neurological disorders; psychopharmacology; ADHD

Pritzker Department of Psychiatry and Behavioral Health (*continued*)

Jonathan M. Pochlyly, PhD

Special interests: Individual and group cognitive behavior therapy and dialectical behavior therapy with depressed and anxious children and adolescents, behavioral management and parent training interventions for disruptive behaviors and ADHD.

Lauren Potthoff, PhD

Special interests: Psychological aspects of pediatric gastrointestinal disorders

Stephanie K. Powell, PhD

Director, Neuropsychology

Special interests: Neuropsychological health of children with cancer, brain tumor, sickle cell disease, or other hematologic diseases

Tali Raviv, PhD

Associate Director, Center for Childhood Resilience

Does not accept outpatient referrals.

Special interests: Stress, coping, and resilience in children and adolescents, including difficulties with anxiety, mood or trauma-related symptoms as a result of exposure to stress, adversity or trauma; consultation and training for schools and community agencies

Pritzker Department of Psychiatry and Behavioral Health *(continued)*

Courtney Romba, MD

Outpatient Medical Director

Special interests: Mood and anxiety disorders, collaborative care

Edna Romero, PhD

Medical Director, Outpatient Services

Special interests: Psychosocial adjustment to pediatric cancer and hematologic conditions, pediatric behavioral health consultation

Ana Ross, PhD

Special interests: Bilingual clinical psychologist; cognitive behavioral therapies for mood, anxiety, self-harm and trauma-related disorders, including comprehensive dialectical behavior therapy

Julie M. Sadhu, MD

Director of Education, Pritzker Department of Psychiatry and Behavioral Health

Training Director, Child and Adolescent Psychiatry Fellowship Program

Special interests: ADHD, mood and anxiety disorders

Megan Scott, MD

Special interests: Neuropsychological correlates of autism spectrum disorder, extreme prematurity, genetic disorders, and broader neurodevelopmental disorders.

Pritzker Department of Psychiatry and Behavioral Health *(continued)*

Khushbu H. Shah, MD, MPH

Medical Director, Acute Care Services

Does not accept outpatient referrals.

Special interests: Acute psychiatric care (Inpatient and PHP), trauma related disorders, mood/anxiety disorders, school-based mental health, public/preventive health, collaborative/integrated care, physician wellness, academic psychiatry

Jenna B. Shapiro, MD

Special interests: Pediatric psychology, health psychology, hematology/oncology, adjustment and coping with chronic illness, evidence-based interventions for anxiety, mood and behavioral concerns

Miller Shivers, PhD

Special interests: Infancy and early childhood, NICU psychology

Mashana Smith, PhD

Does not accept outpatient referrals.

Special interests: Trauma-focused cognitive behavioral interventions with school-age children, school- and community-based interventions

Laurie G. Thompson, PhD

Special interests: Treatment of functional neurological symptom disorder, illness anxiety, adjustment to neurological conditions, somatic symptoms, cognitive behavioral therapy for managing and alleviating chronic headaches

Pritzker Department of Psychiatry and Behavioral Health (*continued*)

Anthony T. Vesco, PhD

Special interests: Cognitive behavioral and acceptance commitment therapy for mood dysregulation and anxiety in youth who are trauma-exposed and/or have chronic medical conditions (specific specialty in diabetes)

Jill Weissberg-Benchell, PhD, CDCES

Psychology Director, Integrated Behavioral Health

Special interests: Coping and adaptation to diabetes for youth and their, adjusting to diabetes technologies

Tareq Yaqub, MD

Medical Director, Acute Care Services

Does not accept outpatient referrals.

Special interests: Forensic assessment for immigration relief (FAIR)

Frank A. Zelko, PhD

Special interests: Neurocognitive outcomes of neurologic and systemic medical disorders in children, including epilepsy, autonomic dysregulation, kidney and liver disease, immune disorders, cancer and traumatic brain injury

Pritzker Department of Psychiatry and Behavioral Health *(continued)*

Division Advanced Practice Providers

Madeline Graber, MS, MSW, APRN, PMHNP-BC, LSW

Special interests: Children and adolescents with acute mental health and behavior changes, mood and anxiety disorders

Shannon Kawa, MSN, APRN, PMHNP-BC

Special interests: Children and adolescents with acute mental health needs and behavior changes

Jennifer Peterson DNP, APRN, PMHNP-BC

Special interests: ADHD, anxiety disorders, trauma, early childhood mental health

Member(s) of Children's Community Physicians Association

New Online Training Hub Offers Access to Pediatric Mental Health Resources

To continue to help extend behavioral health capabilities in the primary care setting and increase access to mental health support for children and adolescents, the Collaborative Care Team of Lurie Children's Pritzker Department of Psychiatry and Behavioral Health is pleased to announce the launch of the Resources for Advancing Mental Health in Pediatrics (RAMP) website (ramp.luriechildrens.org). RAMP is an online training hub built for pediatric clinicians in the Chicago area and across the country.

The site offers access to a full mental health curriculum as well as brief modules that cover frequently asked questions and targeted clinic guidance. Online education tools like RAMP will greatly expand the Pritzker Department's ability to train and support pediatricians in collaborative care.

Visit ramp.luriechildrens.org for more information.

For questions, please e-mail ramp@luriechildrens.org.

Telemedicine and in-person visits

Interim Division Head

Maria L. Dowell, MD

Special interests: Children with complex respiratory disorders including cystic fibrosis, children with complex respiratory disorders including cystic fibrosis and primary ciliary dyskinesia (PCD), complex asthma and BPD/chronic lung disease of prematurity

Division Staff Physicians

Kathleen Boyne, MD

Special interests: Cystic fibrosis, asthma, chronic cough, interstitial lung disease, research in cystic fibrosis and pulmonary infections

Oren J. Lakser, MD

Special interests: Asthma, chronic cough, exercise intolerance, vocal cord dysfunction, bronchoscopy, BPD/chronic lung disease of prematurity, outpatient care focus

Steven Lestrud, MD

Special interests: Pulmonary hypertension, acute lung injury, BPD/chronic lung disease of prematurity, asthma, pediatric pulmonology, critical care, mechanical ventilation

Pulmonary Medicine (*continued*)

Susanna McColley, MD

Special interests: Cystic fibrosis; research in cystic fibrosis, child health and health disparities

John Palla, MD

Special interests: Cystic fibrosis, asthma, bronchopulmonary, BPD/chronic lung disease of prematurity, medically complex children with respiratory disorders

Janaki Paskaradevan, MD

Special Interests: Asthma, chronic cough, bronchopulmonary dysplasia, pulmonary care for patients with muscular dystrophy

Avani Shah, MD

Special interests: High-risk/severe asthma, chronic mechanical ventilation, interstitial lung disease

David R. Spielberg, MD, MHSc

Special interests: Aerodigestive disorders, bronchoscopy, complex airway disorders/structural airway disease, rare/interstitial lung disease

Pulmonary Medicine (*continued*)

Division Advanced Practice Providers

Jennifer Beier, APRN, NP

Special interests: Pulmonary hypertension, BPD/chronic lung disease of prematurity

Stacy Bichl, APRN, CPNP, AE-C

Special interests: Cystic fibrosis, asthma, pediatric-to-adult transition, CF newborn screening

Emily Simmons, MSN, APRN, CPNP-PC

Special interests: High-risk/severe asthma, chronic cough, care of the medically complex child

Clare Spahr, PA

Special interests: Aerodigestive and general pulmonology

Rheumatology

312.227.6270 phone | 312.227.9417 fax

Telemedicine appointments available. In-person first-time appointments are encouraged.

Division Head

Marisa S. Klein-Gitelman, MD

Special interests: Childhood systemic lupus erythematosus, clinical research trials, vasculitis, juvenile idiopathic arthritis, juvenile dermatomyositis

Division Staff Physicians

Diedre DeRanieri, MD

Special interests: Juvenile idiopathic arthritis, use of musculoskeletal ultrasound in JIA, uveitis, systemic lupus erythematosus, juvenile dermatomyositis, vasculitis, Sjogren's syndrome, sarcoidosis

Michael L. Miller, MD

Special interests: Patient-centered outcomes research in children with arthritis and other rheumatic diseases

Brian Nolan, MD

Special interests: Autoinflammatory syndromes and immune dysregulation, CRMO, vasculitis, S-IJA

Rheumatology (*continued*)

Pooja Patel, MD

Special interests: System lupus erythematosus, systemic vasculitis, clinical trials for research

Division Advanced Practice Providers

Megan L. Hiskey, MSN APRN, CPNP

Special interests: Juvenile arthritis

Lauren Witt, DNP, APRN, CPNP

Special interests: Juvenile idiopathic arthritis and uveitis

Sleep Medicine

312.227.6740 phone | 312.227.9452 fax

Program Staff Physicians

Thuan Dang, MD, MPH

Special interests: Sleep disorders in neuromuscular patients, circadian rhythm disorders, sleep disorders and epilepsy/autism/cerebral palsy/developmental delay/genetic syndromes, sleep disorders and global health impact

Ilya Khaytin, MD, PhD

Special interests: Obstructive sleep apnea in children, non-invasive positive airway pressure, excessive sleepiness, behavioral insomnia, narcolepsy, sleep in children with neurological disorders

Stephen H. Sheldon, DO

Not accepting new patients.

Special interests: Obstructive sleep apnea in children, non-invasive positive pressure breathing, excessive daytime sleepiness in children, parasomnias, sleep-related movement disorders, dental approach to sleep disordered breathing in children, narcolepsy and other disorders of excessive daytime sleepiness, sleep in children with neurological disorders, circadian rhythm abnormalities in children

Irina Trosman, MD

Special interests: Sleep disorders associated with obesity, asthma, allergies and other chronic illnesses; pediatric behavioral insomnia, narcolepsy in children and other disorders of excessive daytime sleepiness

Sleep Medicine (*continued*)

Sleep Psychologist

Allison Clarke, PhD

Special interests: Behavioral sleep disorders, child and adolescent insomnia, anxiety, disruptive behaviors at bedtime, CPAP desensitization and adherence, coping with chronic illness

Division Advanced Practice Providers

Maria Gonzalez, APRN-NP, FNP-BC

Tiffany St. James, APRN-NP, PNP

Member(s) of Children's Community Physicians Association

Anna Ivanenko, MD, PhD 847.251.1046 *phone* | 847.251.1046 *fax*

Special interests: Sleep disorders, ADHD, mood and anxiety disorders, autism spectrum disorders

Division Head

Earl Y. Cheng, MD

Special interests: Hypospadias, complex urinary tract/genital reconstruction, difference in sex development (intersex), neurogenic bladder, bladder exstrophy, UPJ obstruction

Division Staff Physicians

Diana K. Bowen, MD

Special interests: Undescended testes, hernia and hydrocele, neurogenic bladder, bladder extrophy, ureteropelvic junction obstruction, complex urinary tract reconstruction

David I. Chu, MD, MSCE

Special interests: Neurogenic bladder, kidney stone disease, robotic/laparoscopic surgery, hypospadias/penile surgery, kidney and ureteral anomalies (UPJ obstruction, duplex kidneys, vesicoureteral reflux)

Edward M. Gong, MD

Special interests: Kidney and ureteral anomalies (UPJ obstruction, vesicoureteral reflux, ureterocele), robotic surgery, kidney stone disease, maternal-fetal consultation, urologic oncology, posterior urethral valves

Urology (continued)

Emilie K. Johnson, MD, MPH

Special interests: Abnormalities of the kidney and ureter (UPJ obstruction, vesicoureteral reflux, megaureter, ectopic ureter, ureterocele), hypospadias and other penile abnormalities, undescended testes, hernia/hydrocele, differences of sex development/intersex, pediatric fertility preservation

Bruce Lindgren, MD

Special interests: Minimally invasive urologic surgery, laparoscopy, robotic surgery, UPJ obstruction, vesicoureteral reflux, hypospadias, undescended testes, hydronephrosis, fetal urology and kidney stone disease

Dennis B. Liu, MD

Special interests: Hypospadias, posterior urethral valves, congenital anomalies of the urinary tract, vesicoureteral reflux, perinatal urology, minimally invasive pediatric urology, reconstructive urology

Max Maizels, MD

Special interests: Complex newborn circumcision

Derek J. Matoka, MD

Special interests: Minimally-invasive urologic surgery, laparoscopy, robotic surgery, ureteropelvic junction (UPJ) obstructions, hypospadias, undescended testes, hydronephrosis, urologic stone disease, voiding dysfunction

Urology (continued)

James T. Rague, MD

Special interests: Hypospadias and other penile abnormalities, abnormalities of the kidney and ureter (UPJ obstruction, vesicoureteral reflux), undescended testes, minimally-invasive/robotic/laparoscopic surgery

Catherine Seager, MD

Special interests: Abnormalities of the kidney and ureter, hypospadias and other penile abnormalities, undescended testes, hernia and hydrocele, maternal-fetal consultation

Elizabeth B. Yerkes, MD

Special interests: Hypospadias, complex genital/urinary reconstruction, neurogenic bladder, differences of sex development (DSD/intersex), cloacal exstrophy, persistent cloaca, vaginal anomalies and reconstruction

Bladder Function Improvement Training Clinic Director

Kavita Hodgkins, MD

Special interests: Kidney health in urologic disease, dysfunctional voiding, urinary infections (UTI), single kidney, hypertension, acute kidney injury, chronic kidney injury.

Urology *(continued)*
