

# SAFE STORAGE

# SAFER KIDS

## BE SMART

The safest home for a child is one without firearms. Consider storing firearms outside the home.

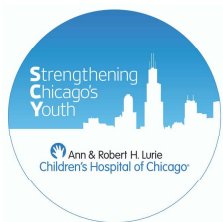

## BE SAFE

Always store firearms locked, unloaded, and separate from ammunition.

## BE PROACTIVE

Ask other parents about the presence and storage of firearms in their home *before* your child spends time there.

Learn more about safe storage, violence prevention, and parenting supports by visiting the Strengthening Chicago's Youth website at [www.scy-chicago.org](http://www.scy-chicago.org) or The American Academy of Pediatrics parenting website [www.healthychildren.org](http://www.healthychildren.org)
