

Narcan (aka Naloxone) TRAINING & DISTRIBUTION

Narcan (aka naloxone) prevents or reverses the effects of opioids. Death from opioid overdoses are on the rise. You can help save someone's life with a free, 15-min. training and narcan kit.

Walk-in trainings available **most Tuesdays & Thursdays** from **9:00 am - 5:00 pm**. Email to inquire about availability and/or scheduling a training for a different day/time.
