The following list of facilities and/or therapists is by no means meant to indicate a recommendation by Lurie Children's, but merely lists resources available in the nearby community. It is the responsibility of the individual making the appointment to verify whether their insurance is accepted at a particular facility, as well as determine the quality of the service provider. Occupational therapy, physical therapy, speech therapy, and audiology services are offered through the Lurie Children's Division of Rehabilitative Services. List updated fall 2020.
